

City Clerks Roiled Up By Democratic Dishonesty Charges

MACKINAC ISLAND (P)—Michigan's city clerks are hopping mad about Democratic Chairman Neil Staebler's charge that "there hasn't been an honest election in Michigan in 20 years."

Thomas Leadbetter of Detroit told fellow clerks "I am sick and tired of such baseless charges" at a sectional meeting of the Michigan Municipal League here yesterday.

Big Political Faker

"I intend to nail misrepresentations at every opportunity," Leadbetter continued. "I regard Staebler as the biggest political faker in Michigan and I won't sit by idly while he breaks down public confidence in elections."

Staebler countered at Ann Arbor: "The recounts are the best answer to Mr. Leadbetter. If he would de-

vote as much effort to encouraging his fellow city and township clerks to improve election procedure as he is devoting to encouraging them to cover, he'd be doing the citizens of Michigan a great service."

Handicapped By Law

City Clerk R. Stanton Kilpatrick of Grand Rapids and Robert M. Montgomery, state director of elections, said that the absence of party registration requirements handicapped clerks.

Staebler has complained that not all clerks comply with the law requiring that election officials be divided equally, Democratic and Republican.

Kilpatrick and Montgomery agreed clerks are without any adequate guide, since no one is required to register himself as either a Republican or Democrat

Both Sides Ready To Complete POW Exchange On Sunday

PANMUNJOM (P)—Communists sent 275 Americans back to freedom today and promised to return another 110 Sunday, the 33rd and final day of the big Korean War Prisoner exchange.

The last delivery will boost the number of Americans repatriated to 3,596—382 more than the Communists first promised.

Both sides announced they would complete the exchange Sunday.

The final delivery probably in-

cludes a small group of American Air Force and Marine pilots whom the Communists said "confessed" to germ warfare charges.

The Allies said they would turn back on the last day 137 Chinese and 2,255 North Koreans, boosting the total repatriated to 75,797.

The Reds have said more than 20 non-Korean and 300 Korean prisoners refused repatriation and will be turned over to the neutral nations repatriations commission for disposition.

Both sides said the final figures would include all prisoners who want to return.

While the Reds held back until last the airmen they charged spread bacteria over North Korea, the U. N. Command was doing the same with the leaders of the bloody Kojie Island POW camp riots.

The Communists' most famous prisoner, Maj. Gen. William F. Dean, three years of Red captivity behind him, arrived in Tokyo Saturday on the first lap of the happy trip home. Freed Friday, Dean was sent to Tokyo Army Hospital for a physical checkup. He said he had no idea how long he will stay in Japan.

The contingent of 275 Americans returned Saturday all appeared in good health.

Dr. Thurston Rites Monday In Lansing

LANSING (P)—The body of Dr. Lee M. Thurston was returned today to Lansing, the home he left only July 2 to become U. S. Commissioner of Education. He died Friday at 58 of a heart ailment in Washington.

President Eisenhower expressed "deep regret" upon Thurston's death and said it "is a real loss, not only to the government, but

November Draft To Call 23,000

WASHINGTON (P)—Another 23,000 men are ticketed for the draft in November, the same number as in each of the past few months.

All the new draftees will go into the Army, The Navy, Marine Corps and Air Force have enough volunteers.

In announcing the draft call Friday the Defense Department also said it is taking no more physicians for the time being — not even volunteers.

Since July 1, 1951, 5,754 physicians have been inducted, including 542 last month. Now the Army has so many volunteer doctors, the department said, it is assigning some 500 of them to the Navy and Air Force.

Dulles And Eisenhower Review Foreign Policy

DENVER (P)—President Eisenhower and Secretary of State Dulles will meet here Sunday for a foreign policy review with special emphasis on developments in Indochina and other Far East areas.

Arrangements for the conference were announced late Friday by the summer White House, which declined to say why the session had been called.

Young Corporal Slick Denies He Ratted On POWs

By ROY ESSOYAN

HONOLULU (P)—Cpl. "Slick" arrived in Hawaii Friday homebound from Tokyo and said "It was a mistake" that fellow war prisoners in North Korea were out to get him because he "ratted" on them to the Communists.

A boy scarcely out of his teens, Slick looked young and a little scared. His hand shook as he held a cup of coffee and talked to a reporter at Hickam Air Force Base.

Friendly With Everybody

"They called me Slick but it was all a mistake," he said. "I never squealed on anybody to the Communists."

Slick admitted there was animosity in camp against men who were friendly to their Communist captors but he denied he was one of them.

"I was friendly with everybody. They had nothing against me," he said.

Slick confirmed he went AWOL five days from an army hospital in Tokyo. He denied he was trying to run away from other liberated prisoners.

"I went out and got drunk and missed my plane and decided to stay drunk," he said.

He returned voluntarily to the hospital.

No Charges Filed

Slick said he had been questioned by military intelligence officers after his release but indicated he had been cleared. No charges have been placed against him.

A Hickam intelligence officer who broke up the conversation said Slick was not in any kind of custody and would go home just like other returning POWs.

Fellow repatriates aboard the plane show no indication they had heard public reports about Slick. One of them said Slick was treated the same as everybody else.

The group will leave Hickam today after an overnight rest at Tripler Army Hospital. Their plane is scheduled to arrive at Travis Sunday morning.

Slick was repatriated Aug. 12 and originally was to have returned home by ship. He was flown to Tokyo for aerial evacuation to the United States after he told a chaplain of threats against his life.

A few hours before his scheduled departure Aug. 28, Slick disappeared from a Tokyo army hospital and was AWOL for six days.

Son, 30, Admits Toledo Killings

TOLEDO, Ohio (P)—Police said Sam Nettles listened to the plea of his deeply religious mother Friday night, and then admitted the knife slayings and robbery of an elderly Toledo couple.

Detective Capt. Ralph Murphy said Mrs. Rosa Lee Nettles, 57, told her 30-year-old son: "If you did it, tell them you did it."

Nettles, the officer said, claimed he could not remember the details of the killings, but recalled he grappled with 76-year-old William Pegler in Pegler's home.

"I can't remember what happened after that. I was too drunk," Murphy quoted Nettles as saying.

The bodies of Pegler and his wife, Bertha, 68, were found Wednesday night, bearing 45 knife wounds. A quantity of jewelry was stolen from the house, and police said this led to the arrest of Nettles as he tried to sell it.

Airmen Not Freed

INCHON, Korea (P)—Gen. O. P. Weyland, commander of the Far East Air Forces, said today he is disappointed because the Communists have liberated so few Air Force captives, adding:

"It looks to me as though there are a lot more missing that we can't get back."

Because of the Labor Day holiday there will be no issue of the Escanaba Daily Press Monday. The next issue of the Press will be distributed Tuesday, Sept. 8.

Genoa Mountain Climbers Conquer Matterhorn Slope

VALTOURNANCHE, Italy (P)—Despite protests of an Alpine eagle, three mountain climbers — one a priest — Friday conquered the previously unscaled southeast face of the Matterhorn.

News of their exploit reached this city today.

The peak, several hundred feet from the 14,692-foot-high tip of the Matterhorn, was named "Little Italo Muzio" in honor of Italo Muzio of Genoa, Italy, one of the climbers. He was accompanied by the Rev. Luigi Maquignaz, also of Genoa, and Louis Cagrel, a Valtoournanche guide.

Near the summit, the three were attacked by an eagle, but frightened it away.

Kansas City AFL Agent Indicted

KANSAS CITY (P)—A Jackson County grand jury Friday indicted five men, including one of the central figures in a recent congressional probe of labor difficulties in the Kansas City area.

Orville L. Ring, president and business agent of A. F. L. Teamsters Local 541, was indicted on two charges of embezzlement and two counts of second degree robbery.

At a hearing here in July two members of a congressional investigating subcommittee said Ring and others in his union were at fault in a prolonged dispute that tied the building and heavy construction industry during the spring and early summer.

Ring denied responsibility for the strike and said his union sought only a wage increase and what he termed its rightful jurisdiction.

Agreements were signed ending the work tieup shortly after the hearings ended and after the A. F. L. put Ring's union and several others under a trusteeship.

The robbery indictments against Ring involve alleged forced contributions to a Kansas City hospital. The other indictments involve handling of funds in the local.

Jets Go After Sea Hop Record

TAMPA, Fla. (P)—Another group of B47 Stratojet bombers was to fly nonstop from England to MacDill Air Force Base here today, aiming at the record of 9 hours 13 minutes set Friday by Col. Michael McCoy.

McCoy, commander of the 306th Bomb Wing, piloted the lead plane in the 4,495-mile hop from Fairford AFB. With him were Maj. James Gallagher, co-pilot, and Capt. Clarence H. Leffingwell, navigator-observer.

The craft clipped 40 minutes from the mark set recently by Col. Elliott Van Devanter, commander of the 305th Bomb Wing. McCoy averaged 508.8 miles per hour.

Fourteen planes made the non-stop flight from Fairford to MacDill Friday. Another developed engine trouble enroute and put down at Limestone AFB, Me. Others will keep coming until all 45 bombers in the wing are back here.

The B47s flying the Atlantic nonstop refueled in the air off Prestwick, Scotland.

Atlantic Hurricane Rages Over Open Sea

MIAMI, Fla. (P)—The violent Atlantic hurricane called Carol, packing 150-mile-an-hour winds, whirled over the open sea today about 250 miles south-southwest of Bermuda.

A weather bureau advisory said the severe tropical storm is expected to continue its north-northwest movement at about 18 miles an hour for the next 12 hours. It was centered near latitude 28.9 north, longitude 66.7 west.

Divorced At 81

MIDDLEBURY, Vt. (P)—A 56 year marriage ended here Friday in Addison County court.

Judge Percy L. Shangraw granted Philemon J. Bristol, 81, a divorce from Laura Prescott Bristol, 79. They were married March 11, 1897.

Bristol told the court he hadn't seen his wife in three years. He said he believed she is now living in California.

Soviets Try All Their Tricks To Beat Adenauer

BONN, Germany (P)—West Germany's national election campaign wound up today as 33 million voters prepared to cast ballots in what looked to the outside world like a contest between Russia and America.

The United States, through Secretary of State Dulles, gave its blessing Thursday to Chancellor Konrad Adenauer's pro-Western conservative coalition government.

Russia, through the official news agency Tass, called Friday night for the defeat of Adenauer and his program of rearmament in alliance with the West.

Both Sides Anti-Red

German voters who will decide the issue in Sunday's parliamentary voting—perhaps the most significant election in postwar Europe—could point out that both parties with any chance of winning are anti-Communist. The opposition Socialists are just as strongly opposed to Moscow as Adenauer's Christian Democrats.

But to the outside world the difference was this:

The triumph of the 77-year-old Chancellor's Christian Democrats would commit West Germany to his program of raising German troops for the proposed West European army, a project the United States supports.

Unity At Stake

A Socialist victory, however, would bring in a policy of unarmored neutrality in the cold war, which Moscow demands.

For most Germans, however, the main question was: which policy offers the most hope of achieving that all-German dream of reuniting both the Soviet-occupied East zone and West Germany in peace and freedom?

Tass said that the moment Adenauer achieves his goal of a Western military Alliance "it will become impossible to revive the unity of Germany."

Dulles declared Adenauer's defeat would be disastrous for the prospects of German unification.

Republicans May Push FEPC Act

WASHINGTON (P)—Sen. Dirksen (R-Ill.) predicted today Republicans will attempt to force passage of Fair Employment Practices Commission (FEPC) legislation in the next session of Congress.

Dirksen's prediction came after the agriculture Department announced it has abandoned a controversial requirement that banks which make farm price support loans must promise not to practice racial discrimination in employment.

The Senate in the past has bottled up civil rights bills approved by the House, largely because of southern Democratic filibusters against an FEPC bill, but that he believes Republicans should try to pass such a measure to carry out campaign pledges made last year.

A variety of FEPC proposals have been made, most of which call for establishment of a federal commission to prevent racial, religious and other discrimination in hiring.

Cool Wave Spreads To Eastern States

(By The Associated Press)

The nation's longest and most damaging heat wave in 20 years neared an end today as cool air and showers headed into the eastern states.

The cool Canadian air mass which pushed into the Northern Plains Wednesday was expected to cover the entire eastern half of the country by tonight.

Moving south and eastward, it spread through the lower Mississippi Valley and most of the upper Ohio Valley Friday. Showers accompanied it and temperatures dropped into the 60's and 70's after up to 11 days of 90 to above 100.

But there were many hot spots in the East Central and Eastern States again Friday. The death toll from the hot weather increased to at least 149.

In Columbus, Ohio, the mercury climbed to 95.4 Friday before the arrival of northerly breezes and showers. Temperatures dropped 13 degrees in 15 minutes in Cincinnati, which reported a high of 93.

Uptate New York had another day of record heat. The 97.1 in Syracuse broke the all-time September high. Rochester's 97 was record for the date as was Buffalo's 93. It also was 97 in Utica and 95 in Albany. New York City's high was 87.2.

Two Questioned In \$71,400 Theft

NICE, France (P)—Police questioned a British model and a British yacht captain today concerning the theft of 25 million francs (\$71,400) from the Riviera home of Jack Warner, American movie producer.

Taken to Nice headquarters for questioning were Joan Daisy Puckey, 33, and Capt. Denis Ives. Police said they found the two together at a hotel in Cannes.

No charge was placed against them.

The theft at the Warner villa in Antibes was discovered the morning after a party thrown by Warner's daughter, Barbara. Miss Puckey and Ives were among the party guests.

In San Remo, Italy, last Wednesday police charged Miss Puckey with failing to declare \$10,700 and some Swiss and French francs totaling \$18,500 when she entered Italy. Police also questioned Ives and Irish companion named Robert Mackew.

Party Loyalty Pledge Avoided By Democrats

WASHINGTON (P)—Sen. Douglas (D-Ill.) said today Northern Democrats will not raise the "loyalty pledge" issue—which makes some Southerners erupt—at the party sessions in Chicago Sept. 14 and 15.

Stephen A. Mitchell, chairman of the Democratic National Committee, also reported progress in healing the North-South differences within the party and said the meeting would not act on the pledge.

But Mitchell declared Gov. James F. Byrnes of South Carolina "has read himself out of the party."

The national chairman spoke on a CBS radio program Friday night.

Byrnes, who supported President Eisenhower's candidacy last year, announced he would not attend the Chicago meeting.

Douglas did not rule out the possibility that some Southerners who do attend may themselves bring up the future of the "loyalty pledge." If they do, he said, "It is highly important that the people know what all the shouting is about."

Douglas flatly denied that Northern Democrats ever had asked delegates to national conventions "to agree in advance to support candidates or platforms that had not been agreed upon."

Southerners Resist

The 1952 Democratic convention got into a roaring fight over proposed loyalty rules. Sponsors said they were designed merely to prevent a repetition of the 1948 situation in which some Southern state ballots listed "states rights" candidates, rather than those chosen by the national Democratic convention, as the Democratic candidates.

Some Southerners, however, served notice they would resist any effort to bind them in advance to support candidates and platforms still to be selected.

Rule Watered Down

The rule finally adopted merely required delegates to pledge their aid in getting the convention's nominees on their states' ballots under the Democratic party label. And, so far as the 1952 convention was concerned, delegates were to be excused from the pledge if it ran counter to state laws or party rules.

Some delegates from Virginia, South Carolina and Louisiana refused to be bound even by this pledge and were nevertheless seated.

Mayoral Race Hot In New York

NEW YORK (P)—New York City is in the midst of a sizzling mayoral campaign, the outcome of which may be a factor in the next presidential election.

The Democratic city primary Sept. 15 will provide a test of strength between the New Deal wing of the party and its so-called conservative branch for control of the party in New York state.

The New Dealers currently hold state party control. In their ranks are prominent figures such as Sen. Herbert H. Lehman, Rep. Franklin D. Roosevelt Jr., and Averell Harriman, former foreign aid chief. They are backing Manhattan Borough President Robert F. Wagner Jr., for the Democratic nomination for mayor.

A leading power in the conservative wing is James A. Farley, former Democratic national chairman who broke with President Franklin D. Roosevelt. This group is backing Mayor Vincent R. Impellitteri for renomination.

A victory for this group could project Farley back into the national political picture.

Whichever group wins out will have a lot to say in the selection of New York delegates to the 1956 Democratic national convention.

Holiday Traffic Carnage Starts

By THE ASSOCIATED PRESS

The toll of violent deaths in the 78-hour Labor Day weekend slowly began mounting today toward a total which the National Safety Council predicted would top last year's carnage.

In the first weekend hours, at least 20 persons met violent deaths — 16 of them in highway mishaps. Two persons drowned, one in Ohio and another in Missouri, and two died in a California plane crash.

The council estimated 440 persons will die in traffic accidents during the period from 6 p. m. Friday to midnight Monday. This would be an average of more than five deaths an hour.

Last year the 78-hour holiday traffic toll was 432. The record is 461, in 1951.

The record for accidental Labor Day weekend deaths of all types also was in 1951, when 658 persons perished. The corresponding figure for last year was 558, including 55 drownings and 71 deaths from miscellaneous causes.

Mother Of Nine Seeks Jersey Beauty Crown

CLIFFSIDE PARK, N. J. (P)—A 29-year-old mother of nine children was among seven wedded lovelies chosen Friday night for the finals for the title of Mrs. New Jersey of 1953.

Mrs. Anne Spada, a 5 foot 3 brown-eyed blonde from Whippany, and the others compete for state honors Sept. 10. The winner then will go on to the Mrs. America contest in Ashbury Park, Sept. 13.

Islands Devastated

ATHENS, Greece (P)—The Greek government said today an official count showed that 95 per cent of the buildings on the three quake-devastated Ionian Islands have collapsed or are damaged beyond repair.

The islands, Zakynthos, Kefallonia and Ithaca, were rocked last month by a wave of violent tremors that killed an estimated 1,000 persons and injured hundreds of others.

Sandhill Crane, Found In Delta, Flies South

Ducks and geese aren't the only birds that fly south for the winter season. The sandhill crane, an unusual bird found in the Upper Peninsula, also heads for sunny climes, Ray Knudson, timber management assistant in the United States Forest Service office in Escanaba, related.

The sandhill crane can be found in Delta County though its main U. P. stamping grounds are in the eastern portions of the peninsula, especially in Luce County and in the western end of Chippewa County, Knudson said. Newberry, Raco, and Trout Lake are congregating places.

"We used to see some every once in a while when we had a planting job in Carr Ponds," Knudson said, explaining that was four or five years ago. Carr Ponds is in Delta County north of Cooks.

The grayish-tan bird has an attention - getting appearance. "They're real tall, with long legs and long neck," Knudson said.

Make Odd Sound

He said he and the forest ranger at Raco recently saw two of the birds from a distance and at first thought they were deer. To look at a sandhill crane, one would think it weighed 50 pounds, Knudson said. Actually, the largest ones on record weigh 12-15 pounds, he said.

"They have a very peculiar sound when they fly, if they're disturbed and fly around," Knudson said, adding the bird sounds as if it has marbles in its throat. Knudson said another bird, the blue heron, is often confused with the sandhill crane. However, the blue heron is "an entirely different type of individual," Knudson explained. The blue heron feeds mostly on fish, while the sandhill crane dines on grasshoppers, seeds, berries and the like.

In The Wheatfields

In the fall sometimes the sandhill crane lands in farm fields to

Driver Injured In Auto Crash

C. W. Tracey, 50, of Peoria, Ill., remained in St. Francis Hospital today with possible internal injuries after an unusual accident Friday afternoon about 4:40 on US-241 near the Highland Golf Course when, the sheriff's department reported, two cars crashed on the south shoulder of the highway.

Also taken to St. Francis Hospital with bruises were Sadie Tracey, 53, also of Peoria, and Muriel Wickhart, 47-year-old Davenport, Ia., housewife who was a passenger in the Tracey car. Both have been released from the hospital.

The driver of the other car, Marshall G. Pierotti, 26, of 229 8th Ave., Iron River, suffered a cut above his eye and was treated by a doctor.

The sheriff's department said Pierotti was driving west and pulled out to pass. He saw vehicles coming and decided he couldn't get back into his own lane. Pierotti pulled across the road and onto the far shoulder.

Meanwhile, Tracey was driving east. The vehicle in front of Tracey braked when it saw the Pierotti car swoop toward it. Tracey, seeing the car in front of him slow down, pulled onto the shoulder, where Pierotti was coming toward him.

Both cars were 1953 models. Damage to Pierotti's was estimated

Both groups report at 3:15 p. m., Wednesday at the draft board office, and will be examined in Milwaukee Sept. 10.

4-County Health District Is Topic For Meet Tuesday

The possibility that Iron and Dickinson Counties will join with Delta-Menominee Health Department to form a 4-county health unit will be discussed at a meeting of the Delta-Menominee district health board at the Powers-Spalding High School Tuesday, Sept. 8.

Health committees from Iron and Dickinson County boards of supervisors and Albert E. Heustis, M. D., Commissioner of the Michigan Department of Health, are scheduled to attend the meeting, which begins at 7:30 p. m., EST.

A regular meeting of the health board will follow discussion with the health committees.

Iron and Dickinson Counties formerly were joined with Ontonagon County in a separate health district, which now is not functioning due to withdrawal of Ontonagon County. Ontonagon now is joined with the Ontonagon - Keweenaw-Baraga unit.

AWWA Meeting Concluded Here

A brief glimpse of the future of the water works industry presented by W. F. Shephard, Director of the Michigan Department of Health engineering division, ended the AWWA meeting Friday.

Shephard warned the members that one of the greatest dangers was allowing a feeling of complacency to creep into the industry. He stressed the need to look ahead and strive to improve the methods of treatment and distribution of water supplies.

A guided tour of the C&NW yards and ore docks followed the discussions. About 56 of the delegates made the trip by coach from the C&NW offices to the docks.

South American Stops At Munising

MUNISING—The SS South American of the Georgian Bay Line, Capt. J. Oscar Spjut, master, with a passenger list of 400 voyagers, docked at the Municipal pier this week on her final cruise of the 1953 season. Munising has been a scheduled port of call for the past three years.

The gleaming white luxury ship was greeted by the Mather High School band, salutes from local industrial plants, the U. S. Coast Guard Station and a welcoming committee estimated at 500 townspeople and visiting tourists.

The day was ideal and the passengers spent their "shore leave" visiting points of interest and shopping.

Among the passengers who boarded the South American here this week were members of Munising's Mather High School band, who traveled to Houghton as the

Pipeline To Be Ready Oct. 15

IRON RIVER—Oil will flow through the huge pipeline installed here this summer by the latter part of October, according to a statement by officials of the Lakehead Pipeline company.

At the same time the company announced that construction of the Superior-to-Sarnia extension, of which the Iron county segment is an important link, will bring a sharp reduction in tanker shipments on the lakes. The pipeline will be one of the longest links of the line from Alberta, Canada, source of the crude oil.

The Lakehead company's timetable calls for completion of the Superior to Sarnia pipeline extension about Oct. 15.

The pipeline, Lakehead officials said, affords a more efficient and economical method of handling oil than use of tankers in the transportation of the western Canada fluid to Sarnia refineries.

Briefly Told

High School Band—The Escanaba High School Band will meet at the Junior High School Monday morning at 9 to participate in the Labor Day parade.

No Lions Meeting—Because of the Labor Day holiday, the regular meeting of the Escanaba Lions Club scheduled for Monday, Sept. 7, will be postponed to Monday, Sept. 14.

Rotary Program — Charles Schmidt, Escanaba city assessor, will speak to the Escanaba Rotary Club at its meeting Tuesday noon at the Delta Hotel. There will be no meeting of the club on Monday.

Europe's Labor Woes Accent American Labor's Blessings

FREE workers the world over can be everlastingly proud that the East German uprising of June 17, one of the most significant events of the postwar era, grew out of workmen's protests.

For years the East German workers, like those in the Soviet Union and all the satellites, have been subjected to all the grinding pressures of exploitation. They have been living through a planned depression, ill-housed, ill-clad, ill-nourished.

Poverty has been deliberately contrived for them, so that the Communist "state" might grow fat with tanks, planes and guns.

But in Berlin and other Soviet Zone German cities, the Red masters turned the screws too tight. They decided the standards of work performance—by which wages are fixed—should be increased. This meant more work but no money. In America that tactic goes by the hated name of "speed-up."

The Berliners wouldn't take it. They marched off their jobs and paraded through the city. The second day was the big one. Strikes were widespread throughout East Germany. Demonstrations came close to toppling the puppet government. But then the Soviet army intervened to re-establish the "workers' paradise."

This colossal Communist sham must now be evident to workers' friends wherever men can read the truth and are not blinded by emotion or prejudice. If you are running a country for the benefit of its

working masses, you don't run them down with armored cars or fire tank guns at them point-blank.

The events of June 17 surely must have had dramatic impact on America's own labor leaders. They ought to have stirred more than pride in the courageous resistance of other workers. They should have aroused our leaders to new awareness of their own blessings.

When you look at a real slave labor state in ruthless operation, how hollow sounds the American labor cry that Taft-Hartley is a "slave labor law." It may well have produced numerous inequities, but it has not put labor in chains. European union officials visiting American factories and union halls are constantly amazed at the freedom and independence of the U. S. workman.

June 17 ought to have made labor in America deeply grateful for its many liberties, determined to move sanely and calmly toward both the removal of remaining inequities and the steady improvement of the workers' lot.

Federal Aid Does Not Help Drought Tragedy

FOR a long time it seemed as if the bitter lesson of the old Dust Bowl of the 1930's had been well learned. But the terrible Texas drought of 1953 shattered that notion.

The memory of the black blizzards of the Thirties did burn deep with the farmers of the Southwest. They exercised a caution not seen earlier, and had available to them technical advice about farming practices not on hand before Dust Bowl days.

But the caution vanished with World War II, which brought record demand and high prices for crops and meat products. Postwar inflation plus the Korean war did nothing to reverse the trend.

Under these pressures, farmers opened new land previously kept in pasture grass, or stripped off protective plants from other soil, exposing it to the strong western winds.

There are tens of thousands of acres of land in the plains areas that will make a crop if the rainfall is good. But rain in much of these regions is erratic. Drought must be expected, even if it does not come for several years. Farming that does not take that fact into account is a gamble.

The magnet of high prices, plus certain population pressures westward in the plains states, led many men to take that gamble in the last decade.

Now, in the serious devastation of western Texas land in 1953, the first penalty for this risk-taking is being paid. Only in the short run did the gamble pay off. The fields bare of crops and the cattle ranges parched in the withering sun are the grim and inevitable answer to that kind of farming.

The \$150 million voted by Congress for relief does not, in the view of conservationists, repair the basic damage. It eases the emergency, no more. Only a long, careful program of soil rehabilitation, coupled with the most advanced conservation practices, can restore to useful output a region that fell under the powerful pressures of abnormal wartime and postwar food markets.

Questions and Answers

Q—To which party did labor give most of its financial support in the 1952 Congressional campaign?

A—Democratic candidates were the main recipients of labor campaign funds given directly to candidates according to the official reports filed with Congress. All but two of the 21 Senatorial candidates who received financial help from labor were Democrats. George S. Counts (Liberal N. Y.) and William Langer (R. N. D.) were the exceptions. Seventy-five of the 80 House candidates whose campaigns directly received monetary nourishment from labor were Democrats, five were Republicans.

Merry-Go-Round

By DREW PEARSON

WASHINGTON—The citizens of Charlotte, N. C., have appointed a committee to study the police of that staid and churchgoing community. The committee, consisting of a preacher, a druggist and a businessman, seem sincerely anxious to do a good job, and here is some information which may help them.

When the Kefauver crime committee dug into the racketeering of Frank Erickson, the big-shot gambler now in jail, they ran into the manner in which he organized off-track betting in that mecca of winter vacationists, Miami. Erickson, according to Kefauver committee testimony, placed his men inside the track, together with a series of bookmakers outside the track in the leading hotels of Miami. All of this was strictly illegal.

One of the operators who handled the bets for Erickson was named Allen Cantor, who, according to the testimony of Abe Allenberry, "handled the comeback money."

"That is the money that is bet, that is called in to a telephone somehow in the neighborhood (of the track) and they would come to the track and would bet it on the horses," Allenberry testified.

"Who are the people who operated inside the track for Erickson?" committee counsel Halley asked.

"Briggs, Cantor, Zeldow," was the reply. There was other testimony by Dan Sullivan of the Miami crime commission, also naming Al Cantor as an Erickson agent.

POLICE OFFICIAL INTERVENES
Now the interesting thing about Mr. Cantor is that he and his brother Irving once operated their gambling racket in staid church-going Charlotte, N. C., at which time the Cantors were on the most friendly terms with the man who is now chief of police, Frank Littlejohn.

Information which came to me from Washington and Kefauver investigation sources indicated that Police Chief Littlejohn, then chief of detectives in Charlotte, once had sought to stop a nation-wide search for Allen Cantor when he was wanted as a material witness in a Washington murder. The information also indicated that Lamar Caudle of North Carolina, before he joined the Justice Department, had been approached by Littlejohn in an effort to stop the search for Cantor.

These reports went into considerable detail. But in order to check the complete accuracy of these reports I called Mr. Caudle and he admitted that, prior to becoming U. S. Attorney in western North Carolina, he, as a lawyer, had been called by Littlejohn to the apartment of Irving Cantor in Charlotte. Mr. Caudle said at that time he had not known either of the Cantors and had not known that they operated a gambling ring in Charlotte.

Littlejohn, he admitted, had told him that the Washington police were looking for Allen Cantor in connection with the murder of a newsboy in the Alban Towers apartment in Washington, and according to Cantor, were about to issue a description of Cantor, to be posted in all post offices, in order to apprehend him.

Littlejohn told Caudle that it would be most embarrassing if the poster were put up on post office bulletin boards. He didn't say so, but obviously it would be impossible for a gambler to operate if wanted by the police in connection with a murder case. He asked Caudle, as a lawyer, to go to Washington to head off the poster.

"WANTED" POSTER SUPPRESSED
Caudle went to Washington, and on the instruction of Police Chief Littlejohn, instructed Washington Police Inspector Floyd Truscott. However, Truscott was in Hagerstown, Md., attending a police meeting. Caudle drove to see him there, gave him the message from Littlejohn and asked him to call Littlejohn in Charlotte.

Inspector Truscott did so. Littlejohn said that he could vouch for Cantor, said Cantor could add nothing to the murder case in Washington. Truscott observed that the murder case had now been solved and agreed to tear up the poster asking for Cantor's apprehension.

Later Cantor's brother Irving came to Caudle, also through the good offices of Littlejohn, and asked him as an attorney to handle an income-tax matter. Internal Revenue had assessed Irving Cantor a tax of \$44,000. This turned out to be a tax on gambling winnings.

Caudle took the matter up with the regional office of Internal Revenue in Greensboro, N. C., and, after various negotiations, a tax settlement was paid. Irving Cantor is now reported operating in Chicago.

These are the brief, bare facts about the man who is now police chief of Charlotte and his friendship with gamblers. Mr. Caudle was not anxious to talk about the matter, but I am convinced that he told the truth, just as he has told the truth before the Keating committee to an extent that he won its public praise.

While these events occurred some years ago, they are events which the people of Charlotte have a right to know about in their laudable desire to improve police conditions in their city. It will be up to them to judge whether a police inspector who befriended a gambling ring in the past is the type who will be on the alert to root out gambling in the present and future.

Grave Responsibility

Bluff, Terror And Want Stalk In Streets Of Western Berlin

By LEON DENNEN

BERLIN —(NEA)—The bierstube deep in the Russian sector of Berlin was dark, dirty and deserted.

In a corner only two men, hugging half-finished steins of beer, were sitting at a table talking in whispers. They were stripped to the waist. Their patched pants and torn shoes were covered with lime.

The men were obviously building workers from the nearby Stalinallee, where East Germans started their uprising against the Reds last June.

I ordered a glass of beer and sat down at the nearest table. The stuff was warm and watery. I merely pretended to drink it.

The men eyed me suspiciously. The bartender became very busy wiping the bar with a dirty rag. Suddenly the older of the two men turned towards me and said almost casually: "You are an Amerikaner?" He was about 35 years old, tall, lean and very blond.

"Yes, I am an American," I replied. The men smiled and asked me to join them at their table.

Only the very brave or the very desperate behind the Iron Curtain dare to speak with a foreigner, especially an American. In a Red police state it is a serious offense to communicate with foreigners.

Besides, one never knows when the stranger might turn out to be a secret police agent, an informer or a Communist. Even children are trained in Red schools to spy and inform on their parents.

"How did you know I was an American?" I asked.

"By your clothes and the way you pronounced the word beer," "Anyway, we can smell a muscovite a mile away," added the younger man.

I could see that the bartender was getting nervous. He looked anxiously at the door and continued to wipe the bar furiously.

"It is dangerous for you to talk with me," I said.

"Yes," replied the older man. "Just tell your people that we shall never submit to Russian tyranny. And please don't believe that we are Fascists. All we want is freedom."

I shook hands with the men, paid my bill and left the bierstube.

East Berlin was strangely silent and practically empty of people. The deserted streets were "guarded" by volkspolizei dressed in Russian-type olive green uniforms, armed with carbines and burp guns.

There were practically no automobiles in the streets—except, of course, those used by Red officials—and few bicycles.

Now and then a man, woman or child would appear among the fantastic ruins which, eight years after the war, the Russians and their puppet regime have made little effort to clear away.

The people were shabbily dressed and sullen. They moved about like shadows in a dead world. They turned their heads at the sight of a gaudily dressed, richly-decorated Soviet army officer or a Red policeman.

ON BERLIN'S EAST-WEST BORDER, NEA correspondent Leon Dennen talks with some East German youngsters who crossed into West Berlin. Dennen crossed in opposite direction for the Red Berlin report in the accompanying dispatch.

The government-operated H. O. stores were empty and uninviting. No one was buying. There was little to buy. The store windows were well-stocked and colorfully decorated. But only the windows. The shelves inside were practically bare.

Almost 20 years ago, as a very young reporter, I saw similar stores in Moscow. The scene was strangely familiar. Nothing has changed in the Red world throughout the years. The same dead hand of communism—the same bluff, terror and want.

I made my way to West Berlin, crossing the border at Friederichstrasse. Ten meters past the border I entered another world. Children were playing in the streets, their shrieks and laughter reaching the sullen, suspicious Red guards only a few steps away. Holiday throngs crowded West Berlin's subways and railway stations. On the Kurfurstendamm, West Berlin's Broadway, the open air cafes were crowded to capacity. There was movement and life.

Only 10 yards separate West from East Berlin. Yet the Iron Curtain dividing the city is as tangible as the Wall at Sing Sing.

Good Evening...

By CLINT DUNATHAN

THE WORKING MAN—The word labor has several meanings, but its commonest meaning is simply work.

In connection with the approaching Labor Day and its meaning to organized labor in the United States, suppose we examine what labor (or work) means in relationship to all of us.

In a broad sense labor can mean any effort to achieve a desirable result—whether the effort is physical or mental.

In this sense, therefore, labor is different than engaging in any form of sport, wherein the activity itself is desired but the result is considered recreation. There are exceptions, of course, because professional ball players or boxers receive compensation for their efforts.

Labor is also used to designate a class of people who work for wages in our society and it is this connection that we will write of labor's economic importance.

THROUGH THE AGES—The farmer and businessman, the doctor and lawyer, receive compensation for their work—but they do not work for wages. Their pay comes in fees, in profits or other forms of remuneration.

Man has always realized that labor is necessary to live. In ancient times, before manufacturing and trade were much developed, farming was regarded as the most important and honorable form of labor.

The trader or merchant was likely to be regarded as a trickster who was not to be trusted. The same attitude was continued during the Middle Ages.

As trade expanded and more men worked for hire, labor came to be regarded as a commodity to be bought when needed, just like any other merchandise. The businessmen of those days were more concerned about their capital than they were about their workers.

THE SPEED-UP—Around 1800 when power-driven machines began to be invented and production was speeded up, manufacturers required a great deal of money for their machines—but they thought that only a small amount of money was needed to pay the men who operated the machines.

Employers thought that it was not necessary to have skilled men on a machine in those days. They hired women and children to keep the labor cost down.

In the light of today's conditions, brought about through long years of struggle by labor and its friends in government, in industry, in the courts and elsewhere, the employers of 50 or 75 years ago may seem to be hard hearted.

But if one employer tried to correct conditions by paying higher wages his costs of production would go up, and he would be forced out of business by the competition.

PROGRESS IS MADE—The changes in the kind of work and in the position of labor in modern industry did not come about without many differences of opinion between the employer and the employees.

There have been strikes, lay-offs, pitched battles at entrances to plants, bitter debates in the halls of government—but the basic problems have been solved and labor and management today work together with better feeling than for many previous years.

Employers have tried to meet labor unrest by paying more attention to their workers. Sometimes the improvement came voluntarily. Sometimes it was the result of action and agitation on the part of employees.

MAN AND JOB—Back in 1882 when organized labor was militantly on the march the Knights of Labor, an American workers' organization, decided to call the first Monday in September Labor Day. Through the years all state legislatures passed laws to make it a legal holiday.

For working people Labor Day means parades and speeches and programs. It is seldom a day of rest, for they are interested in stressing the importance of labor.

It is heartening to note that Labor Day began in America and is legally a holiday in the United States and Canada. Labor today continues dedicated to goals that have accomplished greater progress for America's working man than will be found in any other country in the world.

An Oklahoma man who says he never drank, smoked or swore, celebrated his ninety-eighth birthday. We wonder how long it really seemed.

Janis Bergman And George T. Rodman In Bridal Rites

The wide gold antique wedding bands which the parents of the bridegroom wore when they were married over fifty years ago were used in the double ring ceremony today at which Miss Janis Marie Bergman became the bride of George Thomas Rodman.

The vows were repeated before the Rt. Rev. Martin B. Melican at a 9 a. m. nuptial high mass at St. Patrick's Church.

The bride, daughter of Mr. and Mrs. Lency Clairmont of 720 S. 10th St., wore a gown of white Chantilly lace and tulle over satin. A deep V neckline with a high stand-up collar and long tapered sleeves detailed the lace bodice. The lace was repeated in a panel reaching to the fingertips in the full tulle skirt with its short train. The bride's three-quarter length veil was attached to a crown of matching lace edged with simulated iridescent pearls. She carried a cascade of white feathered carnations and roses.

Cocktail length gowns of aquamarine silk shantung were worn by the young women attending her. Jackets with three-quarter length sleeves covered the halter style, tight backless bodices, and hip padding accentuated the fullness of the skirts. Braided half crowns with nose veils in the same shade completed their attire. Miss Lynn Bergman who was her sister's maid of honor carried a cascade of bronze pompons. The bridesmaids, Miss Carolyn Hage of Spokane, Wash., Miss Audrey Schwarzman of Cleveland, Ohio, and Miss Ellen Stalder of Charleston, W. Va., carried yellow and bronze pompons in cascades.

Junior Usher
Mr. Rodman, who is a son of Mark Rodman of 1603 N. 18th St., and the late Mrs. Rodman, had Richard Marenger of Escanaba as his best man. Kenneth Marvic and James Biehler of Escanaba and Frank Sudac of Bath, Mich., seated the guests. Jimmy, young brother of the bride, in the role of junior usher, escorted their mother to her pew just before the ceremony.

Mrs. Clairmont wore a purple velvet street length suit with large rhinestone buttons and a matching purple velvet hat for her daughter's wedding. Two large white rumrum lilies edged with pink formed her corsage. Mrs. Albert Noyes, sister of the bridegroom, wore a navy and white print with matching accessories and a corsage of red and white gladioli.

The traditional music of the wedding mass was sung by St. Patrick's Choir and the hymn, "On This Day, O Beautiful Mother" as the bride placed an all-white bouquet on the altar of the Blessed Virgin. Two gold vases holding all white gladioli and lemon foliage adorned the main altar and tall standards of the white gladioli and lemon leaves were at either side of the entrance to the sanctuary. The pews were marked with white satin ribbon and clusters of the same flowers and leaves.

Reception in Marine Room
The wedding breakfast for immediate family members was served in the Marine Room of the House of Ludington and the reception for 125 guests will be held there from 2 to 4 this afternoon. Mixed fall flowers are being used in the decorations and a small cluster of them form the only decoration of the wedding cake. Presiding at the punch bowls at the reception will be Miss Lorian Sundelius and the bride's cousins, Miss Carol Dixon and Miss Mary Ann Bergman.

The young newlyweds who did not announce their honeymoon destination will be at home after Sept. 14, at 1534 Pitner Ave. in Evanston, Ill. The bride will complete her senior year at Northwestern University where she is a member of Alpha Delta Pi. Mr. Rodman who received his B. A. from the University of Michigan is publicist for ABC-TV.

Among the wedding guests were Robert L. King of Chicago, Mr. and Mrs. Alfred Hage, Spokane, Wash., Mr. and Mrs. Donald Louis of Wayne, Mich., Miss Kay Polard, Evanston, Miss Dolores Wensing, Chicago, Miss Shirley Fowler, Decatur, Ill., Joseph Taylor of Chicago and Mr. and Mrs. Frank Aley of Munising.

Personals

Mr. and Mrs. Austin S. Ferguson arrived yesterday from Duluth and are guests of Mr. and Mrs. Dana R. Peck, 205 S. 23rd St., for the Labor Day holidays. Mrs. Ferguson is Mrs. Peck's sister.

Mr. and Mrs. Howard Peterson, 227 N. 16th St., have returned from Ames, Ia., where they attended commencement exercises at Iowa State College at which their son, Howard Peterson Jr. received his Ph. D. in chemical engineering. Young Mr. Peterson and his family are enroute to New York where he has taken a position with the M. W. Kellogg people.

Miss Signe Thimglum of Muskegon is visiting during the week-end holiday with her father, Ole Thimglum of Wells.

Miss Bartley And George Dunlap III Married Today

Miss Elizabeth Lucille Bartley became the bride of George Thomas Dunlap III of Swannanoa, N. C. today at 2 p. m. The double ring ceremony was performed by Father Francis A. Hollenbach in St. Patrick's Rectory.

A dinner for immediate family members and close relatives followed the rites in the main dining room of the Delta Hotel. A reception for 250 guests is being held from 4 to 6 at the U. C. T. Club. Presiding at the silver services will be Mrs. John Greis Jr. and Mrs. Dayton Dietrich. Mrs. Russell Backlund will serve the punch.

The new Mrs. Dunlap is the daughter of Mrs. C. E. Bartley Sr. of 330 Stephenson Ave. and the late Mr. Bartley. Mr. Dunlap is the only son of Mr. and Mrs. George T. Dunlap Jr.

Three-Piece Suit
For her wedding the bride chose an autumn mauve colored suit formed of a two piece wool dress with the new jacket length coat of ka-ma-curl. She wore midnight blue accessories and rhinestones. Her corsage was two deep lavender orchids.

Serving as matron of honor was Mrs. Gordon Schills. Her costume, similar to the bride's, was a navy blue dress with the matching top of navy and white flecks. She wore contrasting pink accessories and a corsage of pink roses.

George Bartley, youngest brother of the bride, was Mr. Dunlap's best man.

The bride's mother was attired in a navy boucle suit with rhinestones and pink accessories. A corsage of pink roses completed her ensemble. The bridegroom's mother was unable to be here for the wedding because of illness.

To North Carolina
After a short honeymoon the young couple will live at 330 Stephenson Ave. for a short time and then will travel to North Carolina. The bride formerly was employed at the Photo Art Shop. Her husband served in the United States Air Force.

Wedding guests included Mr. and Mrs. Edmund Boucher and family, Menominee, Mrs. Harold Boucher and Miss Ann Mikalie, Milwaukee, Mr. and Mrs. E. J. St. Onge and Mr. and Mrs. Donald St. Ours of Ishpeming, Mr. and Mrs. Giles Sullivan, Republic, Mr. and Mrs. Charles Anderson, Mr. and Mrs. Douglas Anderson and Mrs. Mary Danielson of Iron Mountain and Mr. and Mrs. Mark Staeger of Milwaukee.

Births

Mr. and Mrs. Joseph M. Liss of Schaffer are the parents of a son, Joseph Michael Jr. born Sept. 4 at St. Francis Hospital. The baby weighed 7 pounds and 4 ounces.

A daughter was born to Mr. and Mrs. Victor Ayotte of Hermansville Sept. 5 at St. Francis Hospital. The baby who weighed 6 pounds and 12 ounces at birth will be christened Lisa Ann.

Mary Ann Cass Becomes Bride Of Stanley Smolucha

A gown of white imported Chantilly lace over blush pink taffeta was chosen by Miss Mary Ann Cass, daughter of Mr. and Mrs. Robert S. Cass, 516 S. 12th St., for her marriage today to Stanley John Smolucha of Chicago, son of Mr. and Mrs. Ignatius Smolucha.

The bride's wedding gown was fashioned with a bateau neckline outlined by appliques of lace flowers heavily embroidered with seed pearls and iridescents, and cap sleeves. Her accoutrement, a pleated skirt ended in a train. A fingertip illusion veil was held by a tiara of pearls and iridescents. She carried a cascade bouquet of feathered white carnations and pink Bountiful roses which matched her gown.

The Rev. Francis Hollenbach officiated at the 10 a. m. ceremony at St. Patrick's Church before an altar decorated with white gladioli and lemon leaves which also marked the entrance to the sanctuary. The pews were marked with gladioli and lemon foliage. During the service, "Ave Maria" was sung by St. Patrick's Choir.

Four Bridal Attendants
Matron of honor was Mrs. Coleta Jezerny while the three bridesmaids were Miss Marie Sullivan, Miss Dorothy Gustafson and Mrs. Marie Schab. John Smolucha was best man, and William Sevic, Ed Trembacz and Michael Stankiewicz served as ushers.

The bridal attendants wore strapless gowns of steel blue taffeta with matching velvet jackets styled with elbow length sleeves and bateau necklines accented by a bow. Their only jewelry was pearl chokers. The matron of honor carried a bouquet of pink rumrum lilies, and the bridesmaids carried cascade bouquets of pink rumrum lilies and white baby mums. They all wore small coronets of white baby mums in their hair.

A toast brown dress trimmed with coral and dark brown accessories were worn by Mrs. Robert Cass. Her corsage was composed of bronze and yellow pompons. The mother of the bridegroom wore a navy blue dress trimmed in lace with pink and navy accessories. She wore a corsage of white pompons.

The bridal party and the immediate families were served a wedding breakfast at the bride's home immediately following the ceremony. A wedding dinner was held at the K. of C. hall for 75 close relatives. A reception for 300 guests will be held this afternoon at the K. of C. hall, which is decorated with pink and white roses, baby mums and rumrum lilies.

After a wedding trip to Colorado, the newlyweds will make their home in Chicago. The new Mrs. Smolucha was graduated from Escanaba High School, and the bridegroom is a graduate of Crane High School at Chicago.

Out-of-town relatives and friends who attended the wedding were Mrs. E. Trembarz, Jerome Jaek, Mr. and Mrs. Evan Kritch, Miss Joanne Lach, Miss Rita Peters, Mr. and Mrs. C. Kopanski, Mr. and Mrs. M. Kurland, Mr. and Mrs. H. Jezurny, Miss Bernadette Kizior, Mr. and Mrs. Walter Smolucha and John Partjak, all of Chicago and Mrs. Coleta Schultek of Milwaukee.

Joan O'Connor, William Woodard Wed At St. Thomas

Pastel shades of gladioli bouquets adorned the altar of St. Thomas the Apostle Church today for the wedding of Joan Ann O'Connor to William Harold Woodard. The double ring ceremony was performed by Rev. Patrick Wisneske at 9 a. m. Wedding selections during the nuptial mass were played by the organist.

Joan is the daughter of Mr. and Mrs. Patrick O'Connor, 601 N. 19th St., and Mr. Woodard is the son of Mr. and Mrs. Harold Woodard of Cornell Rte. 1.

Sister of the bride, Miss Barbara O'Connor, served as maid of honor. Miss Arlene Woodard, sister of the bridegroom, and Miss Nancy Kjellgren, cousin of the bride, were bridesmaids. Leo Evans was the bridegroom's best man, and George McFadden and Jack Berglund served as ushers.

Bridal Attendants
A floor length gown of white nylon lace over satin fashioned with a fitted scalloped bodice, long tapered sleeves and a full skirt was worn by the bride. Her fingertip length veil was caught by a crown of seeded pearls. She carried a bouquet of white carnations and red roses.

The maid of honor was attired in a ballerina length gown of aqua net over taffeta with a panel of pleats centering the front of the skirt and a fitted bodice. She wore a sweetheart shaped hat of matching aqua taffeta with flowing streamers tied in the back, and she carried a colonial bouquet of yellow mums and gladioli.

Identical gowns of pink net over taffeta of ballerina length with matching pink net sleeves were worn by the two bridesmaids. Their sweetheart hats were fashioned of pink net with pink streamers. They carried similar bouquets of pink and white mums and gladioli.

A two piece orchid dress with black velvet accessories was worn by the bride's mother for the wedding while Mrs. Woodard attended in a navy and pink two piece dress with navy accessories. They both wore corsages of pink roses.

Honeymoon at Wisconsin Dells
Immediately following the ceremony, a wedding breakfast was held at the bride's home for the immediate families and the wedding party. A reception for 200 guests will be held from 4 to 2 p. m. which will be followed by a dance at the Eagles Hall beginning at 8 p. m. A five tiered cake topped with a miniature bride and bridegroom which the bride's grandmother and grandfather used as their wedding cake decoration 40 years ago will

center the bridal table at the reception.

When the couple leaves for the Wisconsin Dells, their honeymoon destination, the new Mrs. Woodard will wear a navy blue one piece dress with red accessories. They both are Escanaba High School graduates. They will make their home in Chicago where the bridegroom is presently employed. Mrs. Woodard had been employed in the office of Liberty Loan at Escanaba.

Out-of-town relatives and friends who attended the wedding were Mrs. Earl Schotts of Milwaukee, Mr. and Mrs. James Woodard of Oak Park, Ill. and Mrs. Charles Proksh and daughter, Maxile, of Iron River.

Miss Freeman, Harold Wiitala Repeat Vows

A double ring ceremony was performed today by Rev. Byron G. Hatch for the wedding of Miss Charmaine Ann Freeman, daughter of Mrs. Ralph Smart of Manistique and granddaughter of Mr. and Mrs. C. A. Robinson, 505 S. 14th St., to Harold William Wiitala of Marquette, son of Mr. and Mrs. Harold H. Wiitala of Toivola, Mich.

The 10:30 a. m. service was held at the First Methodist Church before an altar decorated with white and deep red gladioli among blue garden flowers.

Mr. and Mrs. Michael J. Anuta, sister and brother-in-law of the bridegroom, served as the only bridal attendants.

The bride was attired in a light grey wool suit with complementing blue and white accessories. She carried a bouquet of red carnations.

Reside At Marquette
A wedding dinner for the bridal party was held at the House of Ludington following the ceremony. The bride is a graduate of Escanaba High School and attended Northern Michigan College of Education for two years. Mr. Wiitala graduated from Painesdale High School and is presently attending Northern where he will enter his junior year. The newlyweds will make their home at 514 W. Kaye Ave., Marquette.

Out-of-town people who attended the wedding were Mr. and Mrs. Michael J. Anuta of Green Bay, Mr. and Mrs. Harold H. Wiitala of Toivola, Mich. and Mr. and Mrs. Ralph Smart and their children, Janie and Jerry Smart, of Manistique.

Black stockings are due for a big fashion zoom. Reason for this is the newest cobwebby thick-ness, twelve denier. The newest color is just short of black. It looks like a super sheer black.

Judith L. White Becomes Bride Of Francis L. Krout

Miss Judith L. White, daughter of Mr. and Mrs. Clifford White, 1116 Dakota ave., became the bride of Francis L. Krout, son of Mr. and Mrs. Cleve E. Krout, 1509 Minnesota ave., at a double ring service this morning at All Saints Catholic church. Rev. Fr. Matt LaViolette officiated at the 1:00 a. m. service.

Bouquets of pastel colored gladioli decorated the altar for the occasion.

The bride was lovely in a gown fashioned of white Chantilly lace over satin with an illusion neckline. The fitted bodice was outlined at the neckline in a scalloped motif with seed pearl trim and inserts of satin and was buttoned down the back below the waistline with lace covered buttons. Long sleeves tapered to a point at the wrist. She wore a white satin hoop under the full skirt which ended in a chapel length train. Her fingertip veil of imported silk illusion was held in place by a fitted lace cap which had two satin inserts in the form of flowers that were outlined with seed pearls to match those on the gown. She carried an adornment bouquet of Frenched carnations centered with a white orchid and tied with white velvet streamers.

Miss Ann Wickstrom, Iron River, college room mate of the bride, was the maid of honor. Her dress of burnt orange was fitted in a bodice of purple velvet with cap sleeves and a sweetheart neckline giving the illusion of a strapless gown. The bouffant waltz length skirt consisted of three tiers of nylon net over taffeta.

The bridesmaids, the Misses Marion Pickard and Shirley Martin, close friends of the bride, wore dresses identical to that of the maid of honor but in lavender. Costumes of the attendants were completed by matching purple velvet hats edged with seed pearls. Their flowers were gladioli which contrasted with the color of the gowns.

Serving as best man was the bridegroom's brother John. Groomsman were the bride's brother Robert and Anthony Gillis. Ushers were Byron A. White, brother of the bride and Cleve Krout Jr., brother of the bridegroom.

The bride's mother wore a two-piece lilac crepe dress and a corsage of red roses. The bridegroom's mother wore a two-piece navy nylon dress and her flowers were poms and pink carnations.

A wedding dinner was served at 12:30 at the Dells and a reception is being held at the Yacht club this afternoon. The four tiered wedding cake topped by the traditional miniature bride and groom centered the buffet table. A wreath of white pompons encircled the bottom layer and double holder candle sticks were placed at either side. Mrs. Maurice White and Mrs. Anthony Gillis were in charge of the gift table and Mrs. Roy Eldridge cut and served the wedding cake. The Misses Jeanette Krout and Joan LaLonde served the coffee. Mrs. Glenn Nelson was in charge of the punch bowl.

The newlyweds will leave later in the day on a wedding trip to Wisconsin, Northern Minnesota and Canada. For her going away outfit the bride chose a teal blue nylon faille dress with three-quarter length sleeves. It had a black velvet Peter Pan collar which ended with a side tie of velvet and a gold-threaded brooch. The straight skirt was caught at the waist with inverted tucks and two side pockets. It buttoned down the front with self-covered buttons. Accessories were black. Her flower was the white orchid from the bridal bouquet.

The bride is a graduate of Shawano High School, Shawano, Wis., and of the Northern Michigan College of Education, Marquette. She was an elementary teacher at Gwinn. The bridegroom graduated from Gladstone High School and served in the U. S. Army in World War II. He is a locomotive fireman for the Soo Line Railroad. They will make their home in Neenah, Wis.

Out-of-town guests attending are Miss Ann Wickstrom, Iron River; Mrs. Eliza Ridings, Mrs. Ann Long, Mr. and Mrs. Robert Waitman and Harry Ridings, Sturgeon Bay, Wis.; Mrs. Nobel Koe, Duluth; Mr. and Mrs. Jack Cain, St. Paul, Minn.; Mr. and Mrs. Brook Jones, Minneapolis; Mr. and Mrs. William Haasch, Ann Armstrong, Mr. and Mrs. George Steehr, Mr. and Mrs. Donald Schelhr, Mr. and Mrs. Kenneth Larzeld, Green Bay; Mr. and Mrs. Tug Camin, Mr. and Mrs. John P. Chole, Marian Pickard, Shirley Martin, Byron White, Robert White, Milwaukee; Mr. and Mrs. Geo Nunkke Chippewa Falls, Wis.; Mr. and Mrs. Daniels, Chicago; and Mrs. Maurice White, Toledo, Ia.; Thomas Lawrence and Nancy Krout, Rhinelander; Mr. and Mrs. Ole Norstrom and Mr. and Mrs. Roy Eldridge, Appleton; Mr. and Mrs. Art Gravelle, Two Harbors, Minn.; Donald and Arthur Pickard, Detroit; Mr. and Mrs. William Noreus, Masonville.

Trieste Dispute Tension Mounts

ROME (AP)—Tension mounted on both sides of the Italian-Yugoslav border today as the two nations glared at each other across a pile of diplomatic protests involving the bitter Trieste dispute.

Belgrade threatened Friday—in its fourth protest in three days—to rush its own tough troops to the Italian border unless Italy halted "provocative" maneuvers there.

Rome replied Friday night that Italian forces had taken only "precautionary and protective measures."

On the other hand, declared the Italian Foreign Ministry, it has heard nothing from Belgrade to dispel Italy's fears that Yugoslavia plans to annex the Yugoslav occupation zone of Trieste by force.

The Adriatic frontier region, long disputed between Italy and Yugoslavia, is now an international free territory divided into two zones pending a settlement of its future. British and U. S. troops occupy one section, including the port, and Yugoslavia administers the other.

Yugoslavia charged this week that Italian engineers were digging trenches and building pillboxes along the border and Italian tanks were massing at Gorizia. The town is not far across the frontier from the Yugoslav village of Okrajagica where Yugoslav President Tito will make a major speech Sunday.

Three Girls Die In Cottage Fire

ELKHORN, Wis. (AP)—Three little girls died in the flames that destroyed a summer cottage guest house where they were sleeping alone as a lark Friday night.

Killed in the blaze at Lauderdale Lake, near Elkhorn, were Gail Schueler, 7-year-old daughter of Mr. and Mrs. Robert Schueler Jr., Chicago, and her cousins—Joyce Morgan, 12, and Barbara Morgan, 11, of Schiller Park, Ill. Elkhorn fire chief Bruce Lannon, whose department was called when a passing highway patrol car saw the flames, said the three youngsters were sleeping alone in the guest house near the main cottage occupied by Gail's parents and the senior Robert Schuelers, grandparents of all three.

Lannon said the fire apparently was started by a space heater in the cottage, and the building was destroyed. The sheriff's office reported one of the adults checked the cottage 15 minutes before the blaze was discovered, found the three girls sleeping and everything in order.

The parents of the Morgan girls had not yet arrived for the weekend, deputies said.

Anderson was arrested Wednesday on complaint of Conservation Officer L. C. Brown. He was arraigned before Justice Ranguette Wednesday.

Alternative in the sentence was 30 days in jail.

Officers Spurn Fake Confessions To Reds; Two Sign Death Pact

FREEDOM VILLAGE, Korea (AP)—Two Air Force officers today said they made a pact to die rather than sign false confessions that the United States waged germ warfare in Korea.

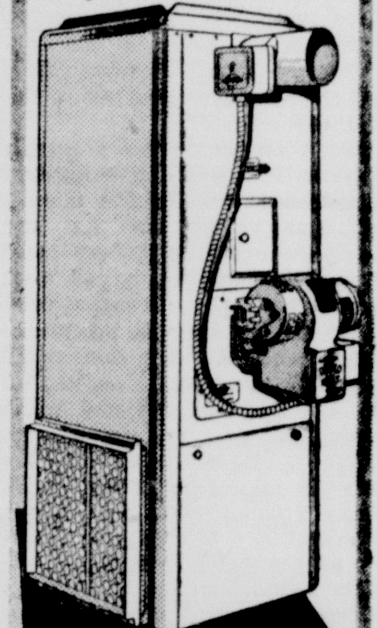

The Communists tortured them two for months, but neither would "confess."

The pair, freed today by the Reds, were Capt. Byron A. Dobbs, 33, of Clio, Mich., and 1st Lt. James Stanley, 24, of Decatur, Ga.

Speaking of the death pact, Dobbs said:

"Once we were resigned to die it wasn't too bad. We figured the U. N. would live or die in Korea and we couldn't confess and have our country accused of this thing. So we decided to let them go as far as they wanted to."

The Hope

Beauty With Comfort

Rooms Six
Bedrooms Three
Bathrooms One
Cubage: House 28,200 ft.
Garage 20' x 12'
Dimensions 64' x 26'

Called "The Hope," today's presentation from the Home of the Week Plan Service is just the sort of home many families hope to own; its handsomely modern exterior and its roomy, comfortably planned interior combine to make a house ideal

in many respects for the family of today. With overall measurements of 65' x 26', "The Hope" has a cubage of 28,200 feet. At least a 90 foot lot would be required to build the house and attached garage. Leave sufficient area in front of the house for a well cared for lawn and properly placed shrubs; these will greatly increase the exterior charms of the house. The wide outside chimney placed at the front of the house, and the two large picture windows, also at the front of the house, beautify and at the same time add to the distinctive appearance of "The Hope." Further individuality is added by the slight overhang of the roof; this architectural fea-

kitchen occupy the front area of "The Hope." Largest of the rooms in the house, the 19'x13'4" living room has a delightful corner fireplace. Windows in both the front and left walls of the room afford plenty of light and ventilation. The long unbroken back wall is designed as a backdrop for large furniture pieces.

Small but attractive, the dining room opens directly off the kitchen. Hence, it can easily be used for all family meals and leaves the kitchen free as a work center.

If you're the lady of this house, you'll enjoy working in the well lighted, conveniently arranged kitchen. Everything you'll want is within easy reach, and the broom closet, opening on the hallway just across from the kitchen door—will make an excellent storage spot for all your household cleaning equipment.

Your laundry equipment can be housed in the utility room; the door in the back wall provides ready access to the back yard. The heating plant should be placed in the basement under the living room.

ture also protects front entry. Both bedrooms, and the study or guest room which can be used as a third bedroom if your family needs one, are placed in the rear of the house so that these rooms are assured of the greatest possible, quiet and privacy. AND YOU'LL
BUY—

It pays to get the best! Most people know that. But some, when they come to choosing the heating system that must serve them for years, hesitate about Timken Silent Automatic—for one reason. It costs a little more.

To those people we say, look ahead ten years. The amount of fuel oil and electricity your Timken Silent Automatic Wall-Flame Oil Burner will use over that time will probably be 25% less than an ordinary gun-type burner will use. Maintenance costs will be much lower, too, because the only moving part in the entire burner is the self-lubricating mono-rotor. All this, plus the proud knowledge that you have the best in advance-designed heating equipment, puts you far ahead of the shortsighted man who accepts less than a Timken Silent Automatic.

Phone today! We'll be glad to arrange easy terms—10% down, 36 months to pay, if desired—on the Timken Silent Automatic unit that's right for your home. You couldn't make a better buy!

Mark Olson Is Versatile Athlete; He Stars In Hockey, Birling, Softball

When Marcus M. Olson was 10 years old, he started playing ice hockey and was taught log-birling by Ed Ogle, a Marquette river man.

Today, at 25 and married, an industrial engineer with three spry children, he is runner-up to the world's champion log-birler and is a star player for the Escanaba Hawks of the semi-pro Northern Michigan Hockey League.

Mark won the world's junior log-birling championship in 1943, '44 and '45. He entered the senior division in 1947 and has competed every year since then, except in 1950 when the contest was not held.

Michigan Tech Captain

While at John D. Pierce high school in Marquette, where he was an honor student and senior class president, Olson played varsity basketball and, in city leagues, hockey and softball. In the winter of '45, at 17, Mark played with the Sentinels. That summer he entered Michigan Tech at Houghton and was drafted into the Army after one college term.

After his release in '47, Mark returned to Michigan Tech. He played hockey for four years with the Huskies, winning the most valuable player award the latter three years and serving at team captain the latter two years.

Not confining his interests to sports alone, the athlete was a member of Tau Beta Pi, Eta Kappa Nu, Blue Key, and the American Institute of Electrical En-

gineers, and was named in "Who's Who in American Colleges and Universities." In his junior year he was a Student Council member and president of the Varsity Club. As a senior he was vice-president of the Council, secretary-treasurer of the Varsity Club, secretary of Eta Kappa Nu, and a member of the Student Administration Advisory Board.

Plays Softball, Too

After his graduation in June, 1950, Mark was employed for brief training periods at Erie, Pa., and at Bridgeport, Conn. In December he and his brother Ted, who had played together for four years with the Huskies, came to Escanaba. It was the winter that the Hawks became a professional, minor-league team, joining the Northern Michigan Hockey League. The brothers, both engineers for Harnischfeger, have played with that team since its entrance into N. M. H. L.

Olson, who is married to the former Elaine Stolpe of Marquette, is third-baseman of the Harnischfeger softball team during the summer months.

He has nine brothers and two sisters, and all the Olson brothers have been hockey players. For their first two years with Michigan Tech's Huskies, Mark and Ted were accompanied by a brother, Roy. An older brother, Allen, graduated from Tech in 1935. One brother, Ed, now a puckster with the Cleveland Barons, was highest scorer of his team this year and

Marcus M. Olson

was voted his league's most valuable player. The youngest brother, Weldon, is a star player for the Spartans of Michigan State.

Escanaba Industries Boast Fine Lawns And Colorful Floral Beds

Nick Fedrow and Ore Dock Flower Beds

Private residences and City parks are not the only places in the Escanaba area with well-trimmed lawns and colorful gardens.

The Escanaba Paper Company at Groos and the Chicago & Northwestern Ore Docks in north Escanaba are only two of the local industries which maintain neat green lawns and extensive flower beds.

The present landscaping and gardens at the Escanaba Paper Company grew from an idea, a pair of spruce trees and a brick pile. A company official believed that he could make the mill grounds a safer and more pleasant place to work by planting trees and flowers.

He had the pair of spruce trees planted to beautify the office entrance and ordered the unsightly brick pile leveled and a lawn planted over it.

White Cedar Hedge

Today the paper mill buildings cover 35 acres and are landscaped on three sides. One of the most outstanding sights is a 600 feet long white cedar hedge flanked by a double row of dahlias. The hedge at one time grew near the river but has since been dug up and replanted behind the mill. An avenue of elms now lines the river approach to the mill.

The Paper Company maintains its own greenhouse and nursery to provide plants and shrubs for new areas and for replacements. The greenhouse is heated by exhaust steam from the mill and at pre-

sent is growing a crop of chrysanthemums.

More than a dozen varieties of flowers common to this area are grown in the nursery. Dahlias represent the largest single group of flowers grown at the nursery. Roses, peonies and tiger lilies are grown in lesser numbers.

Part of the ivy on the mill buildings was grown from a cutting of the ivy from the Washington Monument in Washington, D. C.

Joseph J. Groos of Carroll's Corners is the man responsible for the upkeep of the grounds and for planning future landscaping to keep pace with the rapidly expanding mill construction. Groos, who is also the head timber scaler for the Escanaba Paper Company, has been the gardener for the past 15 years. He is able to find time for both jobs because most of the timber scaling is done in winter when the gardens are buried under the ice and snow. Two or three men also work part time on the gardens when the duties of their departments permit.

Experimental Planting

Groos studied landscaping and horticulture at Michigan State College.

Three years ago the paper company started an experiment to determine whether spruce and pine trees could be grown from seed at a cost less than that charged by state or commercial nurseries. Today about 40,000 seedlings are growing on a plot behind the mill. They will eventually be used in reforestation projects.

Tucked between the towering Chicago & Northwestern Ore

Docks is another industrial garden spot.

The lawn and flowers around the dock offices extend from the employ parking lot to the edge of the bay and provide a pleasing contrast to the dull red of iron ore.

The garden was begun six years ago at the suggestion of Mr. L. A. McMillan, dock agent. Nick Fedrow of 1306 N. 16th St. planted the first seed beds and has maintained the flowers and shrubs ever since.

Each year the iron ore handlers contribute money to purchase new seeds and seedlings for the garden. Many of these men eat their lunches at the dock and fully appreciate the pleasant surroundings.

Ore boat personnel and visitors to the docks often stop to admire and take pictures of the beds of hollyhock, pansies, tiger lilies and roses.

The president of the Chicago & Northwestern Railway wrote a personal letter of commendation concerning the garden after seeing it on one of his routine inspection trips.

The neatly kept lawns around both industries not only serve to beautify but to greatly lessen the ever present fire hazard.

Moonlight And Stars Feature Autumn Nights

ANN ARBOR—A full harvest moon will herald the arrival of autumn at 3:07 a. m. September 23.

Then the sun will cross the equator on its way south, thus entering the autumnal equinox, indicates Miss Hazel M. Losh, associate professor of astronomy at the University of Michigan.

That day the sun will rise and set at exactly the east and west points, and the day and the night will be approximately equal. Precise computation, according to Professor Losh, shows that the daylight hours will exceed the hours of darkness by as much as eight minutes, and that the equal lengths of day and night will not show up until September 26.

The harvest moon doesn't always appear just before the coming of autumn, the astronomer points out. This full moon during some years may occur as much as two weeks on either side of the date of the equinox.

The peculiarity of this moon as distinguished from other full moons, besides its romantic connections, is that it rises quite early for several nights near the autumnal equinox, making evenings of unusually bright moonlight.

A constellation of interest during September is the Great Square of Pegasus, which is well placed in the eastern sky just after dark, Professor Losh states. The square is marked by four stars at equal distances apart.

The star at the northeastern corner of the square really belongs to the figure of Andromeda, but conveniently occupies a position to complete the square. This star and three others in Andromeda form a line parallel to the eastern horizon as they rise.

Perhaps of most interest in Andromeda is the Great Nebula, which occurs above the third star in the row of Andromeda, the first being the star in the Pegasus Square.

Professor Losh says that photographs using huge telescopes give evidence that the Great Nebula is a universe similar to our own galaxy or Milky Way system and quite comparable in size, perhaps made up of one hundred billion stars, interspersed with nebulous material and dust. It is the most distant object visible without a telescope, being perhaps a million and one-half light-years from us, Professor Losh reports.

PLAY FOR WESTMINSTER

The play, written by poet Christopher Hassall, is called "Out of the Whirlwind" and presents a modern version of the biblical theme of Job.

Escanaba Youth, Nick Prokos, Has Promising Future In Field Of Art

What do you do to make your self more comfortable in the hot weather?

Kenneth Swanson, clerk, 1412 2nd Ave. S.: "Pull down the shades in the house, open the windows, keep the sun out—keeps it a little cooler. Drink a little lemonade or cold water. (We) keep water in the refrigerator. I can't go swimming because of work. Always wear loose clothes—change my socks every day. I could think of a dozen more things too. You can get comfortable if you really want to get comfortable."

Theresa Roberts, waitress, 1321 1st Ave. S.: "What's that got to do with anything? Go swimming if I could say. Light foods. Such as potato salad, cold meats, ice cream, pop. Sit in the shade. Dress in shorts. Sit in the cool theatre, that's the best. It's like walking into a hot oven when you come out."

Claude Fisher, acetylene worker, 812 4th Ave. S.: "Stay out of the sun. Stay in at home where it's nice and cool, that's all,—after I come from work. I don't eat much at all—let up on the eats... Go for a ride every night, my wife and I, (with the windows) wide open—wide as you can get 'em... Cold ice water and that. We always have a jar of that in the refrigerator."

Mrs. Oscar Olson, housewife, 800 1st Ave. S.: "I just loaf around, that's all. I eat fruit. I don't eat any potatoes or meat, that's one sure thing. I don't sleep so much as I do when it's cold. I don't drink any cold drinks, just orange juice, that's all."

Cadets Scorn Bears; Fear Mosquitos Most

BANFF, Alta. (AP)—The rugged territory of Banff National Camp teaches self-reliance while providing a vacation-time prize for top qualifying members of Canada's 60,000 high school students in khaki. About 150 teen-age cadets attend the army camp.

Here bears, wolves and lynxes take second rating to the mosquito. The boys are told that bears are more afraid of cadets than the cadets are of bears. E. R. Hall, civilian instructor, says there has never been a proven case of a wolf attacking a human, although the wolf, like the lynx, will follow a man for hours out of curiosity.

"I'm much more afraid of the mosquito than I am of the bear," says Hall. The stings of a swarm of mosquitos and the resultant itch and irritation have been known to drive a man crazy.

Scandinavians Seek Film Bandit's Death

RIO DE JANEIRO (AP)—Brazil's prize-winning motion picture, "O Cangaceiro" (The Bandit) has had to be modified for Scandinavian consumption. The film ends with the bandit chief, Captain Galdino, severely wounded.

Does he or doesn't he die? the Scandinavians wanted to know. The producer, Lima Barreto, said he intended to leave that to the imagination of the audience. Scandinavian audiences don't like uncertainty, the exhibitors agreed. Kill Galdino, they said.

Soviets To Rebuild

TOKYO (AP)—Communist China's Peiping radio said today Russia will spend one billion rubles to rebuild war-wrecked industrial plants in North Korea, including the great Suhi hydroelectric plant. There is no realistic ruble-to-dollars conversion rate, making it impossible to estimate the size of the program in terms of dollars.

The National Geographic Society says natives of the Marquesas Islands in the Pacific have no firearms but harpoon wild cattle for food.

If you were to ask Nick Prokos "Do you think I could paint?" his answer would probably go like this: "Yes. And you not only can, but you should. Painting is a great self-satisfaction. It is very relaxing. You don't have to be a really good painter to benefit and learn from your work."

Prokos, an art student at Wisconsin State College and a son of Mr. and Mrs. George Prokos of 1225 6th Ave. S., has had an avid interest in art since his grade-school days, and this interest has led to a commendable talent in sculpture, painting and designing.

One of his notable works was the painting of six large murals for the K. of C. club here three years ago, when he was a high-school junior. A year later, he entered two oil paintings in U. P. State Fair exhibition, and won first prize on one and honorable mention on the other.

During his first year of college study, just completed, Nick accomplished 10 oil paintings in his spare time. He demonstrated his interest in "oils" once in class by being the only student in the class allowed to do a given assignment in oil.

Up To The Student

"In the art school," he says "the instructors don't tell you how to do your assignment or what to do with. When it is completed, they make no comment on the work except to inform you if it needs changing. They do not explain what change is needed—it is up to the student."

"In this way," Prokos adds, "the student, not the instructor, is the master of the product. The student is compelled to be the creator of his own work. This is very important in the student's training."

Prokos, who describes his recent endeavors as "experiments" with art media and techniques, says that a good painting needs composition, lights and darks, color, texture, design and careful use of material. He enjoys experimenting with these qualities, because they are the "parts" of the finished painting.

Nick believes that design is highly important in interior decorating as well as in painting and other forms of art. And he's had much opportunity to demonstrate that fact, for the young art stu-

Nick Prokos and One of His Paintings

dent is doing the interior decorating of the Prokos' recreation room in the basement of their home.

The recreation room, 30 feet long and 15 feet wide, has on one side a fireplace, a furnace concealed by gray drapery, and a bar of three-fourths black tile, gray stucco with indirect lighting, and silver wire netting. The other 30 foot wall is imitation Knotty pine.

"Tall Girl" Painting

One of the end walls is dark, Windsor Blue stucco with two framed cabinets having backgrounds of yellow-painted egg cartons and foregrounds of wire-sculpture fish, giving a three-dimensional effect.

On the other end-wall, of deep flame stucco with gray cornice and indirect lighting, hangs one of three oil paintings completed by Prokos within the past year. Two others, "Finis" and a still-life, are in other parts of the home.

The painting in the recreation room is "Tall Girl," an experiment in encaustic painting which Nick did with a mixture of 60 per cent beeswax and 40 per cent turpentine mixed, in turn, with oil paint. After painting the picture, he applied a blow-torch to it to melt the wax and give the picture a hard finish, and finished the job with a polishing cloth.

"Tall Girl" portrays the bust of a woman, and was an attempt to give a tallness effect to the picture while shadowing only the

face and hair, leaving the blouse and background "flat."

The second of the three paintings is a still-life picture, made with a palette knife, of a vase of assorted flowers on a round table, with the position of the vase and flowers being balanced by fruit at the base.

The third painting, an experiment in surrealism that has brought much praise from experienced artists, is "Finis." In Prokos's own opinion, it is his most successful work to date.

"Finis" cannot be described in quite the same way as can the other two paintings, for the objects portrayed are unfamiliar. They are symbols, and the oil is an experiment in surrealism, a form of art described as "purporting to express the subconscious activities of the mind by presenting images without order or sequence, as in a dream."

The painting is interpretable by persons whose interest and study have enabled them to recognize and identify the many symbols used. The majority of those who have viewed "Finis," however, appreciate the painting.

They appreciate it not for its meaning or significance but rather for those other qualities already mentioned: composition, lights and darks, color, etc. Its success lies not only in its meaning and purpose, but in its overall beauty and splendor.

C&NW's Peninsula "400" Is Still One Of America's Finest Trains

Peninsula "400" at Escanaba Depot

The fast, yellow-and-green Peninsula "400" streamliner that stops here twice each day is still nearly as big an attraction as it was when first put in operation in January, 1942. The great appeal of this fast train is justified, for it is still regarded as one of the finest trains in the USA.

An estimated 1,200 to 1,300 passengers arrive and leave on the "400" each week at Escanaba as the train arrives southbound at 8:13 a. m., CST and northbound at 10:45 p. m., CST daily.

The passenger depot, at 3rd Avenue north, is often the scene of bustling activity while passengers climb aboard the train or step onto the station platform, for they travel from somewhere in the world coming to at least a temporary stop.

The scene of recognition and greeting is repeated at other depots such as that of Northwestern

in Chicago, where passengers from everywhere meet the northbound "400"—and friends and acquaintances who surprisingly are, too, traveling home.

To some, who have been away for great lengths of time, seeing the "400" is a heartlift. For they easily remember watching the streamliner come in to the hometown station as a welcome and increasingly familiar sight. Boarding the train, homeward, they know they're on the last leg of the trip.

The first trip of the Twin Cities "400" was from Chicago to Minneapolis-St. Paul, Minn., on Sept. 24, 1939, a little more than two years before its first visit to Escanaba. The sleek new streamliner was claimed by many to be the world's finest train.

The "400" is still regarded as one of the country's top streamliners, as was its namesake, which got its name from its Chicago-to-Twin Cities schedule of 400 miles in 400 minutes. This predecessor, a steam train, had the fastest average speed for scheduled runs on the American continent.

Injunction Restrains Pipeline Strikers From Violence And Damage

Striking welder's helpers on the Canadian pipeline project near here were served with an injunction Friday restraining them from inflicting or threatening personal violence on other workers and possessing or damaging construction tools and equipment.

The injunction, issued at Sault Ste. Marie by Circuit Judge Herbert W. Rannels, was obtained by Midwest Construction Company which has the pipeline contract between St. Ignace and the Manistique area. Project operations are now centered near Gulliver.

INJUNCTION OBEYED

The Midwest Construction Co. announced this morning that the 17 striking welders' helpers had obeyed the injunction and returned to work.

The strike, reported here last night to be a "wildcat" affair without union sanction, developed Thursday when 17 welder's helpers took possession of project tools and equipment and allegedly used threats to prevent other employees from working.

Motive for the strike, it was reported, is an increase in pay but construction company officials could not be reached last night to verify this.

Also included in the injunctive action is a suit for damages against strikers for losses incurred by the Midwest firm. The injunction will be placed on the docket of the September term of Circuit Court here, it was reported by G. Leslie Bouschor, county clerk.

The injunction specifically restrains strikers from inflicting or threatening to inflict physical harm or violence upon any present or prospective employees of Midwest Construction Co.; from occupying or possessing any of the plaintiff's tools or equipment except in furtherance of plaintiff's construction project; from damaging or threatening to damage plaintiff's tools, equipment or installation; and from unlawfully obstructing or preventing plaintiff from constructing and laying its pipeline in Schoolcraft County.

Several men involved in the strike are reported to be from the Manistique area.

Speeder Fined—Allen H. Barnes, 42, of Vassar, yesterday paid a fine of \$8 and costs of \$2 in Manistique justice court on a speeding charge. He was ticketed Aug. 30 by city police.

VFW Auxiliary—The VFW Auxiliary will meet Monday evening at 8 in the club rooms. Hostesses will be Mrs. Henry Duquette, Mrs. Margaret Bergman, Mrs. Charlotte Pawley, Mrs. Minnie Hutchinson and Mrs. Frank Morey.

Women's Society—The Women's Society of the Presbyterian Church will meet in the church parlors Wednesday, Sept. 9, at 8 p. m. Mrs. J. Mauritz Carlson will be the devotional leader. Hostesses will be Mrs. E. R. Monroe and Mrs. Arthur Thorpe.

Pays Traffic Fine—Dale H. Walter, of Hemlock, paid a fine of \$8 plus court costs of \$2 Friday in local justice court on a charge of improper overtaking and passing. The payment was made by mail. Walter was tagged on M-94 within the city limits on Aug. 5 by state police.

Three Persons Hurt In Crash

Three persons were taken to Schoolcraft Memorial Hospital for treatment and two traffic tickets were issued as the result of a two-car accident at 8 a. m. Friday on US-2, 20 miles east of Manistique.

Treated at the hospital were Louise Jakubowski, 51, of 5354 S. Hayne Ave., Chicago, shock and wrenched neck; Iva Halverson, 53, of 1116 W. 45th St., Los Angeles, fractured ribs; and Jeanette Halverson, 16, loosened teeth, broken ribs and bruises.

Traffic tickets were issued by state police to Iva Halverson for failure to have her car under control and to Walter J. Jakubowski, 56, operator of the other vehicle, for parking on the highway. Each paid \$10 fine and costs later Friday in Manistique justice court.

The state police report revealed that Jakubowski, traveling west, stopped on the highway preparatory to backing up to the road shoulder where a picnic table was located. The Halverson machine, approaching from behind, struck his car in the rear. Damage to the Jakubowski car was estimated at \$300, to the Halverson auto \$250.

Death Claims Local Woman

Mrs. Ellen Nelson, 71, passed away at 4:30 a. m. Friday at Schoolcraft Memorial Hospital where she had been a patient for nine weeks. She had been in failing health over a year.

She was born Ellen Lindstrom on Feb. 7, 1882, in Oland, Sweden, and came to this country shortly after the turn of the century, locating in Manistique. She was married Oct. 1, 1907, to the late Emil Nelson, Manistique merchant, who died in February, 1951.

She was a member of Zion Lutheran Church and also held membership in the Zion Lutheran Ladies' Aid and Missionary Societies.

Surviving are three daughters, Myrtle Nelson and Mrs. Elmer (Anna) Anderson, Manistique, and Mrs. Clinton (Mildred) Smart, of Hartford, Wis.; a son, Oscar, and a stepson, Alvin Nelson, Manistique, and five grandchildren.

Funeral services will be held at 2 p. m. Monday from Zion Lutheran Church. Burial will be made in Fairview cemetery under direction of Kefauver and Jackson Funeral Home.

Friends may call at the funeral home beginning this evening.

Laying Of New City Water Lines Is Nearly Completed

Installation of a 10-inch water main across the Manistique River flume is the only major project remaining on the city's distribution rehabilitation program, it is reported by Orson Livermore, acting city manager.

Work on this will start as soon as installation of a 12-inch main from the Wyman nursery gate to the settling basin on Weston Ave. is finished. The 12-inch line had been laid as far as the Soo Line tracks this week.

Water line installations already completed follow: An eight-inch line on Intake Road from the nursery gate to Alger Ave.; a six-inch line on Wolf St. from N. Houghton to N. Mackinac Aves.; a six-inch on Walnut St. from S. Maple Ave. to Lake St.; a six-inch main on West Elk St. from S. Mackinac Ave. to Chippewa Ave.; a six-inch line on West Elk from Schoolcraft Ave. to S. Front St.; and a 14-inch main line from the site of the new city pumping station at Intake Dam to the Wyman nursery gate where it connects with the eight-inch Intake Road line and the 12-inch extension now being installed from the nursery gate to Weston Ave.

At the settling basin on Weston Ave. the 12-inch line will connect with an existing eight-inch water pipe extending to Deer St. At one time this eight-inch main carried city water from an early pumping station, located at the site of the settling basin, to a former storage tank on Oak St., near Lakeside school.

A. L. LaVigne is now erecting a new home on the two lots previously occupied by the storage tank.

Revamping the city's distribution system is part of a general water contract held by the Proksch Construction Co., Iron River

The firm also is building a new reservoir and pumping station at Intake dam. Floor and walls of the reservoir have been completed and contractors expected to pour a concrete roof this weekend.

Basement and part of the walls of the pumping station also have been finished, and Proksch workers are now laying bricks for the station's upper walls.

The entire water project is scheduled for completion this fall, Livermore said. Cost of the work is being defrayed by \$250,000 in water department revenue bonds sold by the city last spring.

Presbyterian Guild To Hold First Fall Session Wednesday

The Presbyterian Guild will hold its opening fall meeting Wednesday, Sept. 9, at the home of Mrs. Frank Arrowood, Manistique township. Mrs. William Walker and Mrs. Hendrickson will be assisting hostesses.

A pot luck supper is scheduled at 6:30. Corn, rolls and coffee will be served by the hostesses. Members are requested to bring a hot dish, salad and their own table service.

The Rev. Paul Sobel, Presbyterian pastor, will lead devotions. Members desiring transportation are asked to call number 123-W.

Green Eskymos Lose 20-0 To Sault In Grid Opener

SAULT STE. MARIE—The Sault Blue Devils took advantage of every mistake made by a green Escanaba Eskymo grid team here last night and walked off with a 20-0 decision for their second straight win of the new season.

Soo made the most of its one-game playing edge over Escanaba and dominated the field throughout the game. Hard-charging Blue Devils blocked three of eight punts

attempted by the Eskymos. Their first touchdown early in the first period came as the result of a blocked punt.

The Eskymos, with three lettermen representing the only experience on the starting lineup, made one determined bid to score early in the second quarter when they trailed 6-0. Coach Joe Milokna's gridders drove 56 yards downfield to the Soo 19 yard line before the

attack fizzled. The Eskymos failed to make two yards on first down and surrendered the ball to the Blue Devils.

Get 93 Yards Rushing

Although outscored, the Eskymos nearly matched Soo's ground attack. The host Blue Devils ran up 113 yards rushing to 93 for Escanaba. The Eskymos were effective with a short passing game, hitting on nine of 18 aeriels. Soo

completed six of 13.

The first period was four minutes old when Escanaba quarterback Mike Heminger fumbled on the Esky 30 yard line. Soo recovered and dug deeper toward the goal line. Quarterback Gary Tucker rammed over on a line buck from the four to open scoring. The attempted placement for extra point failed.

The Eskymos put on their only sustained drive at this point but lost the ball on downs just inside the Soo 20. Soo's Duane McGill shook loose for an 81-yard touchdown which was nullified by a backfield in motion penalty.

Blocked Punt Hurts

The Eskymos bottled up Soo's attack in the second period until a minute and a half before the end of the half. An Escanaba punt was blocked on the 21 yard line and after a three-yard gain on the ground Tucker heaved a pass to fullback, Randy Sanderson in the end zone. Tucker then split the uprights to spread Soo's margin to 13-0.

Scoring ended in the third quarter with McGill, the outstanding player on the field, firing a nine-yard strike to end Ed Peterson over the goal line. Tucker's conversion made it 20-0.

For the Soo, it was the second straight victory over Escanaba. It also marked the first time that Soo has been able to blank an Eskymo team since 1932 when the Devils won 6-0.

Milokna commented on the game: "We were very green and made a lot of mistakes. And every mistake we made the Soo took advantage of."

Negaunee Game Cancelled

The Emeralds revealed much of the fighting endurance which characterized their championship gridiron crew last season. Tackling was hard and sure, and the Steves had difficulty sustaining any offensive drive. The Manistique goal line was never seriously threatened. Offensively the Emeralds packed a wallop that repeatedly ripped holes in the Stephenson line and collected yardage around the terminals.

During the game William J. Cook, Emerald athletic director, announced that the scheduled game at Negaunee next Friday night might be cancelled because of the polio epidemic in Marquette County.

In event the game is cancelled, arrangements have been made for a game with Newberry here Saturday night, he said. Friday night the Emerald reserve squad meets the Escanaba seconds here.

Officials were Dick Schram, George Ruwitch, Escanaba, and Wallace Cameron, Gladstone.

'Stique Opens Season With 20-0 Win Over Eagles

MANISTIQUE — The Manistique Emeralds showed lots of offensive and defensive power in the season's opening football game here last night as they dumped Stephenson, 20 to 0.

After a heart-breaking fumble in the first quarter with the ball on the two-yard line, the Emeralds roared into offensive action in the second frame, striking pay dirt twice and cashing in on both tries for extra points.

Manistique's first scoring drive was launched early in the second when Quarterback Don Tigras recovered a Stephenson fumble on the 21-yard stripe. Fullback Don Anderson drove through center for seven yards on the next play, and two plays later Bill Holmes, fleet halfback, toted the oval to the 35 on a sweeping out of right end. Holmes added 15 yards more on two plunges, Anderson crashed center again for five yards, and then Holmes made it a first-down on the 40-yard mark.

Bertrand Scores TD

A pass, Tigras to Pat LaFave, pushed the ball to the 29 where Anderson hit the line for 10 yards. Holmes then plowed center for 10 yards, and the TD was registered on the next attempt when Halfback Darryl Bertrand crashed through the Stephenson line nine yards to the scoring zone. Holmes hugged the sphere over for the extra point.

With less than a minute remaining in the second quarter Francis Laurion, Emerald end, made a beautiful end zone catch of a pass from Tigras for the second touchdown. Laurion was bracketed by three Stephenson players when he reached up and plucked the ball from the air.

The try for extra point, a kick by Center Robert Corson, was good.

Cash In On Fumble

The path to the second score also was opened by a Stephenson fumble when Corson recovered on the 25-yard line. Bertrand added six yards in a crash off right tackle before Tigras hurled his payoff pass to Laurion.

The Emeralds' final score, developing near the end of the third, also was launched from a recovered Stephenson fumble.

Tom Kakuk, Stephenson's fast and effective back, plunged into the Emerald line and was hit so hard that the ball flew out of his hands. Jim Swarstrom, Emerald end, pounced on it on the 19-yard line.

On the first play Holmes galloped around right end to the five-yard mark, but a fumble cost the Emeralds six yards. Holmes took the ball again, barreling his way

to the four-yard mark. A Stephenson offside penalty was refused by Manistique. Anderson plunged the remaining four yards to pay dirt.

The try for extra point, a kick, was blocked.

The Emeralds started what looked like a sure scoring drive early in the opening quarter after a fumble recovery. Holmes raced eight yards to the three-four yard line.

Escanaba vs. Bay City-St. Joseph loser, 6:30
Midland vs. Benton H.-Flint loser, 7:45 (girls)
Grand Rapids vs. Pontiac, 9:30.

A last ditch rally by the Escanaba Merchants fell three runs short here last night and the Upper Peninsula softball champs suffered a 7-4 defeat from Grand Rapids in the opening game of the Men's Class A state softball tournament.

The Merchants trailed 7-0 with

two out in the last of the seventh when they staged a brief rally that produced four runs. Big blow of the inning was an inside the park homer by Mickey Kuchenberg, third baseman.

In the Class C girls' tourney opener last night the Iron Mountain Blue Jays, U. P. champions, downed Midland 3-0 on a one-hit pitching performance by Babe Bisque.

Tourneys End Monday

The tourneys resume at 1 today and will continue through 9 to night. On Sunday the first game is scheduled for noon and will extend through 8:45. Finals will be played Monday afternoon, with evening games to be scheduled if necessary. Both tournaments are double elimination affairs with five teams competing in each.

The Merchants were guilty of seven errors which kept them in hot water through most of the early innings. They also had trouble solving the offerings of young Bob Warner who allowed only two hits before stepping down in favor of Ed Sprague with a 7-0 lead in the last of the sixth.

With two out in the seventh, the Escanabans gained new hopes when Tom Brayak drew a walk and Don Scott singled. Ray Krohmer lashed a double to score Brayak and then Kuchenberg slammed the ball over the right fielder's head for an inside-the-park homer. Tom St. Germain

fanned for the third out to end the rally.

Merchants Play At 6:30

Escanaba will be back in action at 6:30 this evening. The Merchants will face the loser of the 2:15 game between Bay City and St. Joseph.

The Iron Mountain girls were held hitless by Jean Renshaw until the fifth when Bisque poked out a double. Two more singles and an error on the Midland left fielder gave the Blue Jays three runs, all in the scoring in the game.

The lone hit off Bisque was a single by Jody Berryman, Midland catcher, in the first inning. She was the second batter to face the Iron Mountain chucker.

Giants Lucky To Get Fifth Place

(By The Associated Press)

The New York Giants, picked as a solid third place entry with a good chance of nudging Philadelphia out of second in the National League this year, may be lucky to finish as high as fifth. They are 28 games behind league-leading Brooklyn, only 4½ in front of sixth place Cincinnati, and deteriorating rapidly.

They have won only 13 games since Aug. 1 and they've lost 27, dragging their overall average from a respectable .543 to a mediocre .478.

Al Worthington, a pitcher the Giants had been warned wasn't ready for the majors, when he was brought up from Minneapolis in July, started Friday night against the Dodgers. He wasn't charged with the 8-6 loss but only because the Giants managed to tie the contest twice and then kick it away after he had departed.

Commit Four Errors

The New Yorkers committed four glaring errors which gave Brooklyn five unearned runs. It was of no help to the Giants that they qualified a major league home run

In This Corner

With Ray Crandall

Fans and followers throughout the state are keeping an anxious eye on Memorial Field this weekend. We've already had a dozen calls from Lower Michigan asking about the past records of teams entered, the outstanding pitchers involved and such. Some of the downstate fans are here in person and many Upper Peninsula people have come to Escanaba to see the best Class A teams in the state perform.

.....

The Daily Press will announce an all state softball tournament team next week. Players will be selected by official scorers and announcers Don Dufresne, Bob Grabowski and the writer. Selections will be made entirely on the basis of tournament play.

.....

We mentioned the other day that Iron Mountain's prep grid team boasted a pair of hefty tackles. Our spy on the Menominee Range goes us one better. He says the whole Mountaineer line averages over 185 pounds. Coach Omar LaJeunesse even admits that his forward wall is bigger than last year's, and you Escanaba Eskymo fans may recall that line was far from small.

.....

Everything is quiet on the Ironwood grid front where Merts Mortorelli is supposed to be molding one of the Upper Peninsula's strongest football teams. The Red Devils will unveil their 1953 club Sept. 11 at Duluth Denfield. They don't move into Upper Peninsula competition until Oct. 2 when they take on Bessemer.

In fact, only four of the eight Ironwood opponents are Michigan teams. The out-of-state foes are Duluth, Park Falls, Wis.; Hurley, Wis.; and Ashland, Wis. In addition to Bessemer, the Red Devils meet Menominee, Calumet and Escanaba in U. P. games.

Perronville, Powers Will Tangle Sunday

A post-season exhibition baseball game will be offered at Perronville Sunday afternoon with two of the area's most promising young pitchers slated for action on opposing mounds.

Perronville will be host to Powers in the rubber game for the season. Perronville won the first time the teams met and Powers nipped Perronville in the second.

The mound duel expected between Jack Chriske of Powers and Fred Boddy of Perronville will be resumed from where it left off in the second game late in the season. In that clash each hurler allowed only one hit, Powers coping the duke.

Remainder of the lineups will be studied with regulars and Perronville will use a number of older players who have been seen in

action many times in past years.

The game will start at 2:30 at the Perronville diamond. The split gate, with a large crowd expected, will help both clubs pull out of the red financially this season, managers stated. Both teams competed in the Tri County League this past season.

Tricky Reverse Gets Lions Tie

By JOE FALLS

DETROIT (AP)—Sometimes it's good to do things in reverse. The Detroit Lions tried it Friday night and wound up with a 24-24 tie against the Cleveland Browns in their exhibition game in Briggs Stadium.

Here's the picture:

With three minutes to go, the Browns held a 24-17 lead. Detroit was on Cleveland's 16-yard line and needed to pick up yardage—fast! A field goal wouldn't do, of course.

The key play came on second down. Quarterback Bobby Layne of the Lions handed off to Doak Walker on a reverse play. Walker then handed the ball to Gene Gorman, and the rookie halfback caught Cleveland with its defenses down and skirted left end to the 3-yard line.

The 13-yard double reverse put the Lions in scoring position and, with exactly 1:51 left, Gorman squeezed over left end for the tying touchdown.

The Lions were satisfied with the tie but they had a chance to win it in the last few seconds. Pat Harder aimed a field goal from the 29-yard line but it was partially blocked and fell far short of the crossbars.

Toledo Still First In Association Race

By The Associated Press

It's still Toledo in first place by a one game margin today as the hectic American Association baseball flag race goes into its stretch run.

The front-running Sox tipped last-place Charleston, 5-2 Friday night, while runnerup Louisville trounced St. Paul, 12-1. In the only other league games played Kansas City and Minneapolis split a double-header. The Millers won the afternoon game 9-8, but the Blues retaliated by copping the night game, 5-4.

Indianapolis and Columbus were stopped by rain.

Tigers Sign Young Star To Farm Club

LACKAWANNA, N. Y. (AP)—Signing of Nick Koeffelt, 19-year-old right handed pitcher, to a Detroit Tiger farm contract was announced here yesterday by Scout Cy Williams. He said Koeffelt would report to the Jamestown club of the class D Pony league.

Koeffelt struck out 37 batters in 22 innings while pitching for a Lackawanna team in the All - America Amateur Baseball Association tournament at Johnstown, Pa., last month.

Bay de Noc League To Open Playoffs Sunday

First step of the playoff championship trail will be taken by four teams in the Bay de Noc League Sunday afternoon.

Trenary and Manistique will entertain in the sudden death playoff openers. Regular season champions, Trenary, will be host to Cooks, the fourth place team in the final standings. Garden, third place finisher, will provide the opposition at Manistique. The 'Stique Cardinals were champions of the first half and played host to the annual All Star game in July.

Following Sunday's games, the two survivors will tangle in a best-of-three series for the playoff championship.

Rate Favorite Roles

Both Trenary and Manistique are ruling favorites in tomorrow's games. Trenary closed fast in the

late stages of the regular season to overtake the Cardinals.

MANISTIQUE—The Manistique Cardinals league championship hopes blasted in their final game, will attempt a come back when they clash with third-place Garden here Sunday afternoon in the Bay de Noc League's annual playoff series.

The game is scheduled for 2:30 at Cardinal field.

The Cards enter the game with a season's record of 11 victories and four defeats. One of the beatings was administered by Garden, 4 to 2, when the two nines last played. Garden has a record of eight wins and seven losses.

Carlson To Pitch

Manager Fred Lesica said yesterday that he will call on his star right-hander, Don Carlson, in an effort to check the hard-hitting Garden sluggers. Meanwhile the Cards will be facing the fast balling of Jack Morin, who has just reached his peak. Morin won his last four games.

With heavy - hitting Mason Rhoads out of town, Lesica again will find it necessary to reshuffle his lineup. Marvin Fredericksen will stand in for Rhoads at third while Homer Weber, back from Grayling after a three weeks' absence, will be at shortstop. Adams will be assigned to second and Lesica himself will hold down at first. Dick Makinen will be behind the plate.

The outfield will be picked from Phillips, Brandstrom, Seling and DeMars.

One of the season's largest crowds is expected at the game, Lesica said.

Seek Action On Ineligible Prep Athletic Stars

HASTINGS (AP)—Citizens here have signed formal petitions asking reconsideration of the suspension of six high school athletes by the Michigan High School Athletic Association.

The petitions were delivered to Lt. Gov. Clarence A. Reid in Lansing yesterday for presentation at a Sept. 16 meeting of the joint committee on administration of rules of the MHSAA.

The six athletes were ordered barred from further high school athletics on the grounds that they lost amateur standing by accepting fishing poles from a softball team sponsor. Five are football players and one a basketball player.

The six are quoted in the petitions as having accepted the fishing rods on the condition they would keep them only if it would not be in violation of state rules.

The Sept. 16th meeting of the joint committee on administration of rules also is scheduled to consider the barring of three Upper Peninsula high school athletes on similar grounds.

Former Gov. Kim Sigler of Hastings has said he would take the barings to court if necessary to restore the athletes to good standing.

In the North Pacific is the largest living star fish. It is the Sunflower Star and reaches a diameter of two feet or more.

Tigers Smeared 14-6 By St. Louis Browns

ST. LOUIS (AP)—The St. Louis Browns, belting in 10 runs in the fifth inning, whipped Detroit, 14-6, here last night and trimmed the seventh-place advantage of the Tigers to three games.

Vic Wertz, an outfielder who the Tigers gave up to get pitcher Ned Garver, clouted a grand slam homer for the Browns in their big inning. It was Wertz' 18th round-tripper of the season and the 100th for the Browns.

Had 3-2 Lead

When the Browns broke loose against Al Aber, Detroit was leading 3-2. The Tigers picked up two in the third, one on Don Lund's ninth homer of the year and the other on Harvey Kuenn's single and Ray Boone's looping single to left.

Kuenn's walk, Fred Hatfield's double and Boone's grounder brought another marker in the top of the fifth.

10 Runs In Fifth

Then the Browns clobbered Aber, handing him his fourth loss against as many wins. They got 10 runs, nine hits and had three men aboard when reliever Ray Scarborough finally got them out.

Detroit got one back in the sixth, when Drogo was hit by a pitched ball, Lund doubled and Drogo scored on an infield out. But they weren't going anywhere.

Yakima, Winnetka Eye Legion Title

MIAMI, Fla. (AP)—Winnetka, Ill., and Yakima, Wash., will meet tonight for the national championship of the American Legion Junior Baseball World Series.

Friday night George Thompson shackled previously undefeated Yakima to give the midwestern titlists a 5-2 triumph in the semifinal game. Now, each team has won two and lost one in the Little World Series. Thompson gave the westerners only four hits in chalking up his victory.

Trailing 2-1 in the sixth, Winnetka scored the decisive two runs on singles by Ted Herbert and Chuck Lindstrom, a walk, an error and a passed ball.

TURN IN UNIFORMS

Escanaba Jaycee Little Leaguers are requested to turn in their uniforms to their respective managers within the next week.

Giants Lucky To Get Fifth Place

(By The Associated Press)

The New York Giants, picked as a solid third place entry with a good chance of nudging Philadelphia out of second in the National League this year, may be lucky to finish as high as fifth. They are 28 games behind league-leading Brooklyn, only 4½ in front of sixth place Cincinnati, and deteriorating rapidly.

They have won only 13 games since Aug. 1 and they've lost 27, dragging their overall average from a respectable .543 to a mediocre .478.

Al Worthington, a pitcher the Giants had been warned wasn't ready for the majors, when he was brought up from Minneapolis in July, started Friday night against the Dodgers. He wasn't charged with the 8-6 loss but only because the Giants managed to tie the contest twice and then kick it away after he had departed.

Commit Four Errors

The New Yorkers committed four glaring errors which gave Brooklyn five unearned runs. It was of no help to the Giants that they qualified a major league home run

Michigan Road Deaths Near 1000

LANSING (P) — Almost 1,000 persons have been killed on Michigan highways through July of this year, state police reported.

At the current rate of casualties, the police estimate that 1953 will be the worst in history.

Police reported 177 persons were killed in traffic accidents in July, 26 per cent more than in the same month a year ago.

The same month saw 5,078 traffic injuries, an increase of 18 per cent, and 14,820 accidents, an 18 per cent increase.

For the first seven months of this year, 988 persons have been

killed, 31,278 injured and there have been 101,863 accidents. The death toll was up 13 per cent, injuries 20 per cent and accidents 13 per cent.

Police said that at the current rate of accidents, the 1953 death toll would be third only to 1937 and 1941, but that the toll of deaths and injuries would far exceed last year's record of 50,837.

Ex-Wife Claims He Owes Her \$11,000; Actor Goes To Jail

LOS ANGELES (P) — Actor John Carradine, 47, was jailed early today on a 7-year-old contempt warrant charging he owes his former wife \$11,000 in alimony payments.

Carradine, arrested after his performance at a Hollywood theater, said he had settled matters two years ago with his ex-wife, now Mrs. Gordon Bennett, 42, of Oakland.

The actor was jailed on a 1946 Superior Court commitment order issued a year after their divorce. Carradine is now married to actress Sonia Sorel.

Reckless Driver Pays Stiff Fine

Gordon Peterson, Stonington, was fined \$100 on a reckless driving charge and also paid \$10 and costs of \$6.60 for speeding following his arraignment before Justice of Peace A. T. Sohlberg Friday afternoon.

Peterson was observed driving at high speed and in a reckless manner on N. 9th St. and Delta Ave., by Police Chief Torval Kallerson. When the youth was forced to stop for the traffic light at 9th and Delta, Chief Kallerson, who was in 'civies' went over to the car, identified himself and invited Peterson to drive to the police station. Instead of turning on Superior, Peterson went north on 9th and out of town at speeds estimated well over 70 miles per hour.

He outdistanced Kallerson's auto as he did a state police patrol car later in the evening, but Peterson's registration number had been obtained and a warrant for his arrest was obtained after a check on registration lists to learn the owner of the vehicle.

Production Head For Marble Arms Arrives In City

The Edward G. Sandersons of Milwaukee have taken occupancy of the Nick Sigan home at 1224 Minnesota Ave., which they recently purchased.

Mr. Sanderson is production manager for the Marble Arms, Inc. He formerly was with the Ladish Co., Milwaukee, drop forging firm.

He is a native of Marquette while Mrs. Sanderson came from Calumet. The couple have three children: namely, Jane Davey, Robert Armin and Mary Helen.

Gladstone Boys Meet In Naples

SN James Mackie and EMFN Herbert VanDrese, who were chums in Gladstone, met in Naples, Italy, August 22, when both men got leave from their ships and started an enjoyable reunion and vacation.

The boys previously had been in Vila, France, at the same time but had not had liberty. They were able to obtain it simultaneously at Naples and left together for Barcelona, Spain.

It was the first time they have been together since leaving Gladstone. They had their boot training at Great Lakes but were not together there.

James is on the Salem and Herb is on the Roosevelt. The ships were first and second in reaching the Greek Island recently devastated by earthquakes to aid the people.

C-C Directors Meet Tuesday

A regular monthly meeting of the board of directors of the Gladstone Chamber of Commerce is scheduled for Tuesday evening at 7:45 in the C-C offices in the City Hall. Secretary Theophil Hoffmann, states.
